## SUMMER is the Time for All Kinds of Water Adventures!

Dear Sea Eagle Inquirer,

Summer is almost here! Now is the time to enjoy the many pleasures of Sea Eagle boating. Sea Eagle boats are better than ever:

- **Our Great Sea Eagle® 370 Kayaks are BACK:** Last year, we ran out of our Sea Eagle 370 kayaks and were not able to get them until this year. These kayaks are wonderful recreational kayaks. Portable, lightweight and versatile. **Prices start at just \$449.** See page 3.
- **Redesigned Sea Eagle® EZLite™ 10 Kayak:** After introducing the EZLite 10 in 2024, we re-designed it again in 2025 - adding increased cockpit space for internal gear, loop tie-downs, and a 3rd air chamber. Weight of this kayak is just 25 lbs! Easy to set up, carry, paddle, pack, and store. This is the lightest, fastest to paddle and most portable 10' kayak out there. **Prices start at just \$1049.** See page 4.
- **Redesigned Sea Eagle® FastTrack™ Kayaks:** Late last year, we redesigned the FastTrack™ 385ft and the 465ft. Both models now feature built-in woven V-bottom drop-stitch floors with sharp V-bows and V-sterns. These great looking kayaks deliver improved tracking and faster paddling performance. Additional enhancements include updated graphics, dual side carry handles, loop daisy-chain tie-downs, and multi-color EVA cockpit flooring for secure footing. The new FastTracks™ are now 4 lbs and 5 lbs lighter, weighing just 31 lbs & 39 lbs respectively. Ideal for 1, 2, or 3 paddlers with ample gear. **Prices start at just \$1249.** See page 6.
- **Redesigned Sea Eagle® RazorLite™ Kayaks:** The RazorLite™ 393r1 and 473r1 now include a center carry handle for easy one-hand transport, added bow and stern daisy-chain tie-downs, and refreshed graphics. When introduced a decade ago, RazorLite™ kayaks were the world's first all-drop-stitch kayaks—and they still remain the world's best-performing open-water inflatable kayaks on the market. **Prices start at \$999.** See page 8.
- **Redesigned Sea Eagle® Travel Canoe™ Canoe:** Our Travel Canoe™ has also been upgraded. It is now 10 lbs lighter thanks to super-strong, ultralight 1000-denier woven drop stitch construction. Additional improvements include updated graphics, added loop daisy chains, and Sea Eagle™ Genuine Accessory Mount Pads compatible with various accessories like Scotty®, YakAttack®, and Railblaza®. **Prices start at just \$1849.** See page 14.
- **Torqueo®, ePropulsion, Bixpy®, WaterSnake® Electric Motors:** We offer a wide range of electric motors ideal for fishing, cruising, exploring, or simply enjoying quiet, effortless travel across America's waterways. See pages 32 to 34.
- **Honda® Outboard Motors:** We also carry two lightweight Honda outboards: the 2.3 hp long-shaft and the 9.9 hp short-shaft. These motors are portable, efficient, and provide exceptional range when paired with our inflatables. See page 35.
- **Save Big with Sea Eagle Package Pricing:** Our package deals bundle boats with accessories at significantly reduced prices, offering substantial savings over purchasing items individually. Visit our website for detailed package-by-package savings.
- **Free Shipping, Trial Guarantee & Warranty:** We offer **FREE Ground Shipping** within the 48 contiguous states, a **4-Month Trial Guarantee**, and a **3-Year Warranty** against manufacturing defects. See our unique 2-Part Guarantee below.
- **Hassle-Free Boating, Healthy Kayaking and Stand Up Paddling!** Sea Eagle boats pack down to a fraction of their inflated size, making them easy to transport, store, and deploy in minutes. They eliminate the typical costs and complications of boating—no docking fees, no trailers, no boat ramps required. With Sea Eagle, you spend more time on the water and less time on maintenance. And whether paddling a kayak, canoe, or SUP, you'll enjoy both a great workout and peaceful water views.

**Questions or Orders:** Call **1-800-748-8066**, Monday–Friday, 9–5 EST.

*We take pride in answering the phone personally and assisting with any questions or special ordering needs you may have.*

Thank you for your interest in Sea Eagle!

Cecil C. Hoge, Jr. (President)

John Hoge (Vice President)

*P.S.: Due to space limitations, this catalog highlights only a portion of our available boats and package options. For the complete selection of all models, accessories and packages, please visit [SeaEagle.com](http://SeaEagle.com).*

### Sea Eagle® 4-Month Trial Guarantee:

Try for 120 trial days, if you are not completely satisfied, return for refund within 120 days of receipt.

### Sea Eagle® 3-Year Limited Warranty:

3-Year Limited Warranty against any Manufacturing Defects

If any part becomes defective, return it for repair or replacement at no charge. Warranty period starts from the date of delivery. Visit: <http://sea.gl/W> for detailed information on warranty.

### Sea Eagle® 3-Year Extended Hull Warranty:

In addition to our basic 3-Year Warranty Against Manufacturing Defects, we also offer a 3-Year Extended Hull Warranty. That gives you 6 years of total warranty against any manufacturing defects on any Inflatable Boat, Kayak/Canoe or SUP hull. No other inflatable boat company offers this kind of total protection. We do it because we are convinced that we offer the best quality inflatable boats, kayaks, canoe and SUPs of their kind! Extended warranty applies to hulls only and is offered only at the time of purchase of the kayak, canoe, boat or SUP. For Inflatables under \$500, Extended Hull Warranty for just \$49. For Inflatables over \$500, Extended Hull Warranty for just \$99.

**The Sea Eagle Guarantee/Warranty is not applicable to solar panels, electric/gas motors, batteries, battery chargers and power centers. They are covered under their own respective manufacturer warranties.**

# Sport Kayak SE370

## The Best Value in Kayaks Is Back! Our Popular Sport Kayak 370 For 1, 2 or 3 People!

The Sea Eagle 370 Sport Kayak is one of our most popular inflatable kayaks. We have now sold over 200,000 of these incredibly popular inflatable kayaks, with over 60,000 being sold in just the last six years.

We ran out of 370s last year in June, but we are getting these great kayaks back as of mid-June. For the money, there is no better kayak.

The SE370 weighs just 32 lbs., takes only minutes to inflate and holds one, two or three adults. The extra thick, special formula hull material allows this kayak to take plenty of abuse and last many years. Despite being extremely economical, this kayak is plenty tough enough for carrying the family dog.

The Sea Eagle 370 holds up to 650lbs. and has lots of space for gear, kids or dogs. It is ideal to take on camping trips where extra gear is a necessity or for tall folks who need lots of leg room to stretch out. And at only 32 lbs., this kayak is easy to carry and handle.

The Sea Eagle 370 rolls up very compactly and can be carried in a car trunk, shipped as luggage, stowed in a closet, be ready in minutes to paddle remote mountain lakes, run mild whitewater rivers or romp in ocean surf.

### SE-370 SPECIFICATIONS

Exterior: 12'6" x 34"

Interior: 10'8" x 15"

Tubes: 10" Diameter

Hull Weight: 32 lbs.

# NEW Redesigned EZLite™ 10

Everything Paddlers from 8 to 80 Crave:  
Fast, Light, Portable, Easy to Paddle and Carry!

The Sea Eagle EZLite™ 10 lives up to its name. Built with full Woven Drop Stitch construction on both top and bottom, it delivers exceptional rigidity and true high-performance capability.

Weighing only 25 lbs, it's an ultralight kayak that virtually anyone can lift, carry, or paddle - whether you are young or old, beginner or seasoned kayaker. With just three air chambers, setup is unbelievably fast and simple: under five minutes from backpack to water.

One of its standout features is the full-length V-bottom, which boosts speed, improves tracking, and enhances stability. Paired with the removable rear skeg, the EZLite™ 10 cuts through the water with efficiency and precision. Recently redesigned with 3 air chamber, more space and added daisy chain loops for tie-downs.

This is a kayak designed to go wherever you do. Everything—kayak, seat, paddle, pump—fits neatly into the included backpack. Toss it in your car, check it on a flight to a Caribbean island, bring it along in your RV, or store it in a closet at home. It's a true go-anywhere kayak.

At just 25 lbs, it's one of the lightest 10' kayaks available, making the walk from your vehicle to the shoreline a breeze. Despite its featherweight build, it's impressively rugged, safe, and stable. The V-bottom ensures excellent primary stability, while the two upper air chamber sidewalls add reliable secondary stability.

The EZLite™ 10 is built for real-world adventure—durable, dependable, and incredibly easy to enter, exit, carry, store, and paddle.

And thanks to its spacious open design, there's ample room for dry bags, snacks, drinks, and even camping gear for overnight trips.

**The V-Bottom of the EZLite™ 10 is the Secret of its Great Paddling Performance!**

Quick-Sailing on the EZLite 10 is easy and serious fun!  
See the QuikSail™ in the Accessory section.

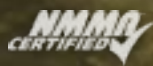

Adjustable Footrest with 20 Quick-Set Positions

You can also e-Kayak with Optional Bixpy® Skeg-based Motor - See page 34 for more details on this great little motor

### EZLITE 10 SPECIFICATIONS

Exterior: 10'x2'8"  
Interior: 78"x18"

# NEW V-BOTTOM / V-BOW FastTrack™ 385ft & 465ft

Redesigned to be Lighter, Faster, More Portable!

Redesigned for superior performance, the all-new FastTrack™ 385ft and 465ft shed 4 lbs. and 5 lbs. respectively, thanks to innovative V-bottom woven drop-stitch floors with integrated V-bows and V-sterns fused directly to side pontoons. This breakthrough construction delivers unmatched speed, effortless paddling, and easy portability—ideal for paddlers young and old.

Bold new multi-color graphics elevate their sleek look, while round side tubes and high-pressure woven drop-stitch V-bottom floors create a clean, efficient entry and exit through wind, waves, and currents. Whether on flatwater, open bays, or mild whitewater, the FastTrack™ series offers smoother paddling and greater efficiency than traditional inflatable kayaks.

## Sea Eagle® FastTrack™ 385ft (12'7")

Weighs just 31 lbs. for one paddler plus ample gear, or two with moderate loads—fits any car trunk, checks as airline luggage worldwide, and handles mild whitewater.

## Sea Eagle® FastTrack™ 465ft (15'3")

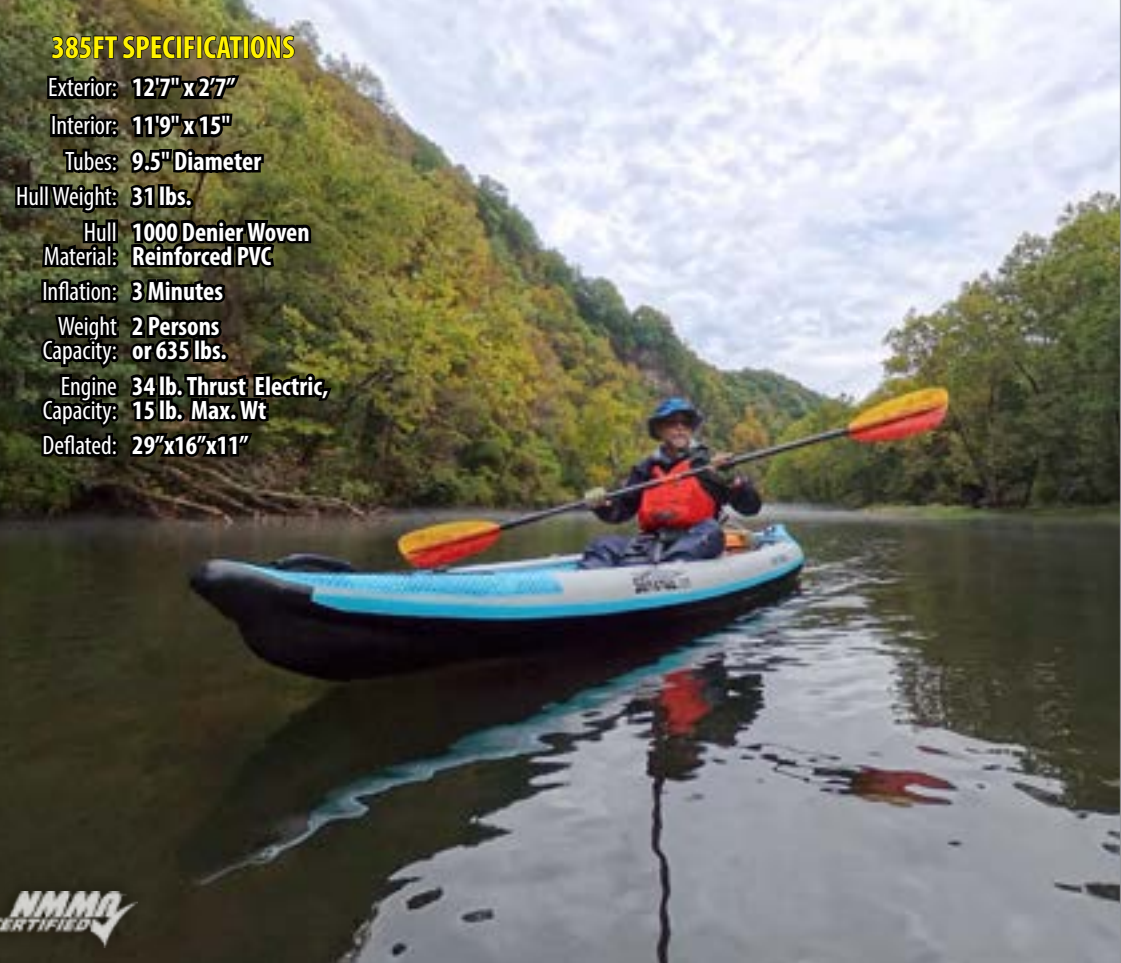

At 40 lbs., this elegant 3-foot longer model carries massive camping gear for one, two, or three paddlers. Super stable yet lightning-fast, it tracks precisely in diverse conditions for family adventures. A superb choice for solo travelers, couples, or families.

385ft & 465ft Now Feature V-BOW, V-BOTTOM, V-STERN

Easy to carry!  
385ft & 465ft weigh just 31 lbs. & 40 lbs. respectively.

NMMA CERTIFIED

All FastTrack™ Kayaks come with Auto Dual Action Piston Pump with Built-in Pressure Gauge and a Slide-In Small Skeg.

# NEW Improved RazorLite™ 393rl & 473rl

## Our Fastest Paddling Kayaks!

Sea Eagle® RazorLite™ 393rl and 473rl were the world's first all-drop-stitch inflatable kayaks when introduced in 2014. The latest models feature refreshed graphics and upgraded adjustable footrests designed for quicker, easier setup and removal. Additional enhancements include a center carry handle for convenient one-hand transport and daisy-chain tie-down loops at the bow and stern for securing dry bags, camping gear, coolers, and more. Built with full drop-stitch construction, the RazorLite™ series achieves remarkably narrow hull widths of 28" and 30". Combined with precision-molded, rigid bow and stern sections, these kayaks deliver exceptional paddling efficiency and can reach speeds of up to 6 mph.

### Sea Eagle® RazorLite™ 393rl (12'9")

Compact, lightweight, and highly portable, the 393rl is an ideal travel kayak for day trips on lakes and bays or multi-day adventures to remote waterways and island destinations. It packs neatly into its own backpack-style carry bag—along with the seat, paddle, and pump—and can even be checked as airline luggage. The slim drop-stitch side pontoons create a spacious cockpit with ample room for one paddler and plenty of gear.

### Sea Eagle® RazorLite™ 473rl (15'6")

Nearly three feet longer, the 473rl comfortably accommodates two adults plus substantial camping gear. Its efficient length-to-width ratio ensures it remains easy to paddle solo when needed. The expanded interior space also makes it a great choice for families, offering room for a small child or a well-behaved dog.

Engineered for speed, performance, and versatility, the RazorLite™ 393rl and 473rl are our fastest and best-tracking inflatable kayaks—perfect for open-water day trips or extended expeditions to secluded shores.

#### 393RL SPECIFICATIONS

Exterior: 12'9" x 28"

Interior: 12'2" x 17"

Tubes: 4" Thick x 8.5" High

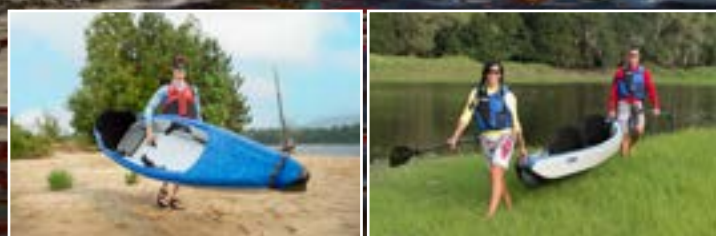

Hull Weight: 35 lbs.

Hull Material: 1000 Denier All Drop-stitch Reinforced PVC

Inflation: 7 Minutes

Weight Capacity: 1 Person or 500 lbs.

Deflated: 38" x 22" x 12"

Now with easy bow, stern and center carry handles and loop tie-downs for securing gear!

#### 473RL SPECIFICATIONS

Exterior: 15'6" x 28"

# Explorer™ 300x

## The Most Fun Explorer — Built for Ocean, Bay, Lake & Whitewater Adventure

The Explorer™ 300x has quickly become a customer favorite—and for good reason. As our lightest and most portable Explorer kayak, it delivers instant, go-anywhere performance in ocean surf, whitewater, lakes, rivers, and bays. Its compact solo design makes it one of the most exciting and versatile inflatable kayaks in our lineup.

Engineered for thrill-seekers, the 300x is an exceptional one-person whitewater kayak. Sixteen self-bailing floor drains ensure rapid water evacuation, allowing it to tackle steep drops, hydraulics, upstream eddies, and rapids up to Class IV with confidence. The same quick-draining, highly responsive design also makes it a blast to ride in ocean surf.

Weighing just 30 lbs., the 300x is the lightest model in the Explorer series—easy to carry, easy to stow, and effortless to transport. Despite its compact size, it's built from the same ultra-durable 1000-denier reinforced material used in the larger 380x and 420x, offering outstanding ruggedness and reliability. Its smaller footprint enhances maneuverability, giving solo paddlers precise control in demanding conditions.

Perfect for day trips or multi-day excursions, the Explorer™ 300x comfortably accommodates one paddler plus enough gear for 2–3 days on the river.

Skeg for use on flat water.  
Remove for use on whitewater rivers.

Don't forget to try it in the surf!  
The water comes in, the water goes out!

All Sea Eagle Explorers now come with 4" knitted drop stitch floors. They provide flotation to keep the paddler(s) above any water that might come in from ocean waves or when blasting through class 3 or 4 whitewater

### 300x SPECIFICATIONS

- Exterior: 9'10"x3'3"
- Interior: 8'9"x16"
- Tubes: 11.5" Diameter
- Hull Weight: 30 lbs.
- Hull Material: 1000 Denier Reinforced PVC
- Inflation: 5 Minutes
- Weight: 1 Person
- Capacity: or 395 lbs.
- Deflated: 24"x16"x5"

### Standard Features

- NMMA certified
- Three deluxe one-way recessed air valves
- Front and stern carry handles for easy transport
- Sixteen screw-type self-bailing floor drains with open/close functionality

- Large removable skeg designed for enhanced tracking during flat-water touring
- Bow and stern deck rigging for additional storage and gear security
- Separate inner high-pressure drop-stitch floor for superior rigidity and structural strength
- Separate outer 1000-denier fabric floor providing double protection against punctures and abrasions
- Eighteen stainless-steel D-rings for securing seats, thigh straps, and gear
- Performance rated for Class IV rapids
- Includes carry bag, repair kit, and user instructions

You can also e-Kayak with Optional Bixpy™ Skeg-based Motor. See page 34

### Pro Kayak Package

300x comes with Built-in Flexbrace Footrests with 20 Quick Adjust Positions.

All Explorer Kayaks come with Slide In Skeg. Skeg needs to be removed for whitewater use.

# Explorer™ 380x & 420x

**For Those Who Do It All—Solo or Tandem, 1–3 Paddlers, Wet or Dry, Lakes, Bays, Rivers, Ocean Surf—These Kayaks Handle It All!**

Introduced in 1978, the SeaEagle Explorer™ Series stands as our longest-running line of inflatable kayaks—refined and enhanced over decades of continuous innovation. Throughout the years, the Explorer™ range has been redesigned multiple times to improve hull shape, self-bailing performance, seating comfort, paddling efficiency on both whitewater and flatwater, and overall functional versatility.

A signature advantage of the Explorer™ 380x and 420x models is their 16 open-and-close drains, enabling true wet-or-dry paddling. Open the drains for whitewater or surf conditions and the kayak automatically bails incoming water. Close them for lakes, bays, and calm open water to enjoy a completely dry ride—an essential benefit for paddlers who prefer to stay comfortable on longer outings.

Versatility is the hallmark of the Explorer™ Series. Whether navigating technical whitewater, touring open water, or carrying substantial gear loads, the 380x and 420x deliver exceptional adaptability. Their ability to perform equally well in wet or dry configurations makes them among the most capable inflatable kayaks available today.

Dog-friendly by design, both the 380x and 420x offer ample space and stability for paddlers who enjoy bringing their canine companions along—regardless of size. Finally, thanks to 90% electronic welding construction, the latest Explorer™ models are significantly lighter without compromising strength, rigidity, or long-term durability.

## Sea Eagle® Explorer™ 380x (12'5")

The Explorer™ 380x offers an ideal balance of size and maneuverability—light and compact enough for one paddler to manage confidently in whitewater, yet spacious enough to accommodate two paddlers plus camping gear.

## Sea Eagle® Explorer™ 420x (14')

For those needing maximum capacity, the Explorer™ 420x provides generous room for two paddlers and extensive gear. While its added length enhances stability and load-carrying ability, it remains easy for a single paddler to handle on open water. Its extended hull also makes it an excellent family option for two adults and a young child.

**Don't forget to try it in the surf! The water comes in, the water goes out!**

**All Sea Eagle Explorers now come with 4" knitted dropstitch floors. They provide flotation to keep the paddler(s) above any water that might come in from ocean waves or when blasting through class 3 or 4 whitewater**

### 380x SPECIFICATIONS

Exterior: 12' 5" x 3' 3"

Interior: 11' 9" x 16"

Tubes: 11.5" Diameter

Hull Weight: 40 lbs.

- Rated for Class IV rapids, ensuring performance in demanding conditions
- Includes carry bag, repair kit, and instructions for complete readiness

*All Explorer Kayaks come with Slide In Skeg. Skeg needs to be removed for whitewater use.*

# Travel Canoe™ TC16

**Newly Redesigned: Lighter, Tougher, and Packed with Features – Now 10 lbs. lighter!**

Newly redesigned with refined graphics and essential new features, the TC16 is now made with a new ultralight, ultra-strong drop stitch material. At just 55 lbs., this canoe is now 10 lbs. lighter than last year's Travel Canoe and even stronger. Built using our patented drop-stitch construction and traditional wood-web seats, the Travel Canoe paddles and handles like a rigid canoe.

Other new features include convenient side clip-on stow pouches that keep essentials within easy reach, and daisy-chain web loop tie-downs that allow you to secure gear in the bow and stern of the canoe. 2 side accessory mounts accommodate rod holders, cup holders and other fishing or boating accessories. The updated EVA flooring enhances comfort and traction.

This canoe features lightweight rigid bow and stern molds to cut through wind and waves and provide easy paddling and tracking.

3 main air chambers provide inherent buoyancy, making this canoe far safer than traditional canoes on lakes, bays or rivers because the hull cannot capsize or sink. The TC16 paddles easily and efficiently up to 5 mph with one or two people. 2 people can carry the TC16 easily from car to water because this canoe weighs just 55 pounds. The unique hull shape provides superior stability & even allows standing while paddling. The anti-skid crocodile EVA floor provide secure footing. And last, but not least, the traditional wood/web seats provide comfort plus under-seat storage.

A small removable skeg provides tracking on open water and is detachable in whitewater. The stern of the canoe has 4 open or shut floor drains to bail out rain water. Easy to paddle for 1, 2 or 3 paddlers - solo use with one seat, tandem trips with ample gear, or three passengers, it deflates to a compact size, fits in its carry bag for car trunks or closets, and can be checked in as airline luggage for trips to far away wilderness rivers, scenic lakes or bays.

## TC16 SPECIFICATIONS

Exterior: 16' x 3'2"

Interior: 15'2" x 25"

3" Thick DS, Gunwales

Tubes: 20" High at Bow/Stern,

15" High at Center

Hull Weight: 55 lbs.

1000 Denier

Hull Reinforced PVC

Material: Woven Drop-Stitch Construction

Inflation: 7-9 Minutes

Weight: 3 Persons

Capacity: or 915 lbs.

Deflated: 38"x22"x12"

Removable Weedless Skeg

The Sea Eagle Travel Canoe has plenty of room to carry days or weeks of camping gear

## Standard Features

- NMMA Certified
- Reinforced double-wall floor engineered for exceptional strength, rigidity, and maximum resistance to punctures and abrasion
- Exclusive all-woven drop-stitch design with rigid bow and stern molds (U.S. Patent #9,452,809) for superior tracking through wind and waves
- Three recessed one-way Halkey-Roberts-style air valves for secure, efficient inflation
- Removable rear skeg to reduce yaw and enhance speed; easily detachable for whitewater conditions
- Six grommet tabs designed to accommodate up to three wooden canoe seats

Inflate easier and faster with a Two-Stage Electric Pump. Just \$149.

Item Name: PUMPADA

The Travel Canoe™ now made with Woven Drop Stitch.

## Basic Package

High Pressure SUP Piston Pump With Built-in Pressure Gauge and Skeg included in all Travel Canoe packages.

All TC16 Canoes with Small Slide In Weedless Skeg. Skeg needs to be removed for whitewater use.

Rigid bow and stern molds provide clean entry and clean exit and they roll up easily with the canoe when deflated.

Two-Stage Electric Pump already included in this package

# PaddleSki™ 437ps

## The Original Roll-Up Catamaran, Kayak, SUP & Boat

### — Built for Paddling, Motoring & Fishing.

The Sea Eagle® PaddleSki™ has always been in a class of its own—a one-of-a-kind watercraft defined by its unique design, exceptional versatility, and wide range of uses. While others have tried to replicate its concept, none come close to matching its generous size, flexible configuration, spacious deck, or outstanding high-speed motor performance.

Now, the PaddleSki is better than ever. It features a built-in fish ruler and fittings for our optional universal casting bar. Anglers can measure their catches with ease, while the innovative removable transom provides a sturdy mount for gas or electric motors up to 6 hp.

Even with these new features, the PaddleSki remains incredibly portable—packing neatly into its own carry bag and fitting easily into any car trunk, SUV, or pickup, motor included.

Its durable transom supports speeds up to 17 mph with one rider or 15 mph with two, powered by a 6 hp engine. Compatible with both gas and electric motors, it's ready for any adventure—from calm ponds and inland lakes to open bays and ocean waters. Wherever there's water, the PaddleSki is ready to go—fast, far, and effortlessly.

With a shallow 2–3 inch draft, it glides smoothly through skinny flats or deeper fishing grounds alike.

In every way, this is the most portable, practical, and economical inflatable boat ever designed for one or two adults.

**437ps SPECIFICATIONS**

Exterior: 14'4" x 4'

Interior: 11'6" x 21"

Tubes: 14" Diameter

Hull: 57 lbs. Hull Only

Weight: 68 lbs. with Transom

Hull Material: 1000 Denier Reinforced PVC

Inflation: 10 Minutes (5 chambers)

Weight Capacity: 2 Persons or 855 lbs.

Engine Capacity: 6 hp (60 lbs Max. Wt., 15" shaft) or up to 70 lb. thrust Electric Motor (Min. 30" shaft)

Deflated: 35" x 20" x 11"

*Unique Catamaran Hull Design with High Pressure Drop-Stitch Floor 4" above the bottom of pontoons make this kayak far more efficient.*

Our Sun/Rain Canopy makes a truly great option when motoring in hot and sunny weather!

### Standard Features

- NMMA & CE Certified
- Rigid, high-pressure inflatable drop-stitch floor for superior stability

**Price \$2899.**

WaterSnake® motors now can take a **NEW** optional Trolling Motor Side Steering Arm for super comfortable steering. See Accessories Section. **Just \$89.** Item Name: STEERINGKT

# FastCat™ 12

## The Ultralight, Ultra-Strong Drop-Stitch Inflatable Catamaran Pontoon Boat That Goes Anywhere

The Sea Eagle® FastCat™ 12 stands apart from every other 12-foot boat—whether inflatable or rigid—thanks to a combination of smart design and unmatched versatility. Its distinctive rectangular hull delivers significantly more usable cockpit space and far more rigging options than typical boats in its class. You get a generous 40"-wide by 10.5"-long open cockpit—remarkable for a boat that weighs just 94 lbs. including the transom.

Another major advantage: its 4' 7" overall width. That compact 4 chamber hull design lets the FastCat 12 slide easily into the back of most pickup trucks, eliminating the need for a trailer altogether.

At only 94 lbs., two people can comfortably carry the FastCat 12 from the parking lot to the water. And if you prefer true one-handed transport, the optional EZCart makes it simple for a single person to roll the boat over pavement, gravel, dirt, or even sand.

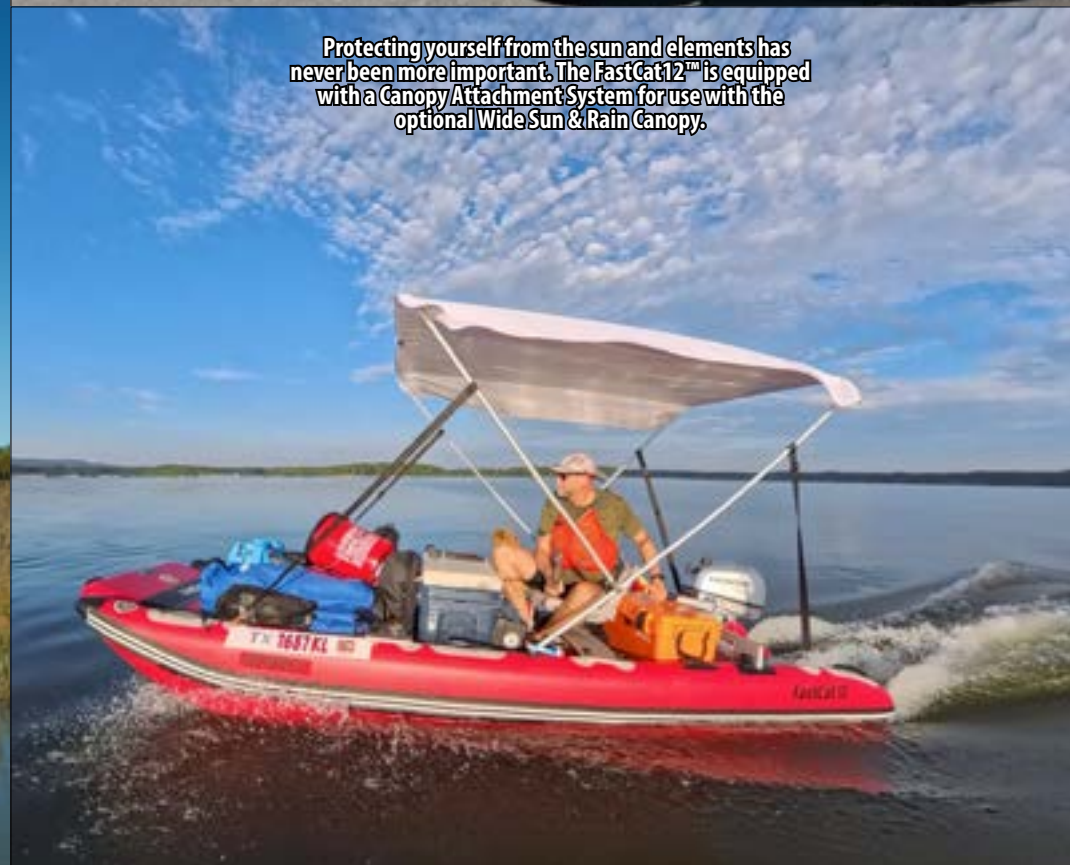

Being inflatable adds even more freedom. You can deflate the FastCat 12 and load it into an SUV, van, or pickup for long-distance adventures to lakes, bays, and remote waterways that traditional boats struggle to reach. When the season ends, it stores neatly in a garage corner—or even a closet—until your next outing.

Catamaran-style hull design provides the smoothest ride on the water. Side chambers create lift and reduce friction - increasing fuel economy, handling, and performance while providing an incredible cloud cushioned ride.

Comfortably seats two adults with an EVA foam-covered floor for secure footing for stand up casting.

Protecting yourself from the sun and elements has never been more important. The FastCat 12™ is equipped with a Canopy Attachment System for use with the optional Wide Sun & Rain Canopy.

### Standard Features

- NMMA & CE Certified
- Four independent air chambers with flush-mount, one-way recessed valves for quick and easy inflation or deflation.
- Double-layer Fusion Drop-Stitch construction across all chambers ensures the lightest weight, highest strength, and superior puncture, abrasion, and rigidity performance.
- EVA foam floor pad provides excellent standing stability and a non-slip surface.
- Full-length rubbing strake beneath the side pontoons protects against barnacles, rocks, and other sharp objects.
- Two canopy mount grommets allow for simple canopy attachment and removal.

- Four D-rings for securing canopy straps or additional gear.
- Two Genuine Sea Eagle® Accessory Mounts compatible with Scotty®, Yak Attack or Railblaza for rod holders, anchor systems, GoPro® cameras, cup holders, and more.
- Built-in 36" FishRuler.
- Removable transom supports up to a 6 hp engine and can be detached for compact storage or permanently fixed to the hull.
- Eight carry handles – two at the bow and three along each side – for easy lifting and transport.
- Large bow D-ring for anchoring or towing behind a larger vessel.
- Aluminum bench seats pre-drilled to fit four Scotty® base mounts for additional accessories.
- Swivel seats provide a full 360° range of motion and all-day comfort.
- Includes a durable nylon carry bag, repair kit, and detailed instructions.

### Advantages of the Sea Eagle® FastCat™ 12

- **Exceptional speed with small motors** – Reaches up to 15 mph with just a 5 hp motor, delivering a smooth, seaworthy ride.
- **Fuel-efficient catamaran design** – Travels over 50 miles on a 3-gallon tank, using minimal gas.
- **Lightweight and durable construction** – Built with ultralight, ultra-strong Fusion Drop Stitch Material; the hull weighs only 94 lbs. with the transom, making it highly portable for a 12-foot motorboat.
- **Easy handling** – Requires only a small, lightweight motor and can be easily managed by one or two people.
- **Quick setup** – No assembly needed after the initial transom installation; simply inflate the four air chambers.
- **Enhanced safety** – Features four separate air compartments, including a smaller bow floor chamber, ensuring maximum structural integrity and redundancy.
- **Self-bailing design** – The Drop-Stitch floor and open transom automatically drain water, eliminating manual bailing.
- **Perfect tender for larger boats** – Stable and easy to board from or onto another vessel.
- **Effortless transport** – Compatible with the optional Heavy Duty EZCart for simple movement from car to water.
- **Accessory-ready** – Includes two Genuine Sea Eagle® Accessory Mounts compatible with Scotty®, Yak Attack or Railblaza for rod holders, camera posts, bait trays, or extra rod holders.
- **Customizable seating** – Aluminum bench seats come pre-drilled for four additional Scotty® base mounts, allowing easy installation of anchor locks, camera posts, bait trays, or extra rod holders.
- **Spacious deck** – A 40" wide open floor provides ample room for coolers, rods, and gear.
- **Versatile bow design** – The wide open bow doubles as a swim platform, making it easy to step onto a beach or re-enter the boat from the water.
- **Durable protection** – Rubbing strake beneath the Drop-Stitch pontoons safeguards the hull when beaching.
- **Comfortable capacity** – Seats two adults (one in front, one in back) with an EVA foam-covered floor for secure footing.
- **Superior maneuverability** – Side pontoons create a water tunnel effect and double keel system for precise turning.
- **Best Use** – Portable family vacation boat, high-performance fishing vessel for 1 or 2, or a comfortable cruising pontoon boat.

Incredible fully usable deck space for two fishermen and gear for those long fishing trips.

### FASTCAT™ 12 SPECIFICATIONS

Inflate easier and faster with an Optional Mega 4-Cylinder Electric Turbo Pump. See Accessories Section. Just \$299. Item Name: PUMPMEGA

# FastCat™ 14

## For Families Who Need Space and Comfort for Four!

The Sea Eagle® FastCat™ 14 takes everything great about the FastCat™ 12 and makes it bigger, roomier, and even more capable. Measuring a foot and a half longer and two feet wider, this model offers more space for people, gear, and adventure. With a rating for up to a 20 hp motor, it delivers greater speed and range—perfect for families who want to explore more in less time.

The standout feature of the FastCat™ 14 is its expansive cockpit, measuring 11'10" x 5'3". It's not only larger than the FastCat™ 12 but also bigger than any other 14-foot boat in its class, inflatable or rigid. This generous space comfortably accommodates a family of four. Remove the front two seats, and you'll have room for a large cooler, extra gear, or even a small tent for overnight camping in the bow area. Despite its size, the inflatable design allows it to pack down compactly for easy off-season storage in a garage corner.

The wider, more stable platform opens up new possibilities—ideal for scuba diving, swimming, or towing inflatables for family fun on the water. Four Separate Independent Safety Air Chambers—Starboard Side, Bow, Floor, and Port Side provide an added level of security and peace of mind.

The only trade-off for this added size and capability is that, like most 14-foot boats, the FastCat™ 14 requires a trailer if you prefer to keep it inflated and ready for use on local lakes or bays.

Comfortably seats four adults with an EVA foam-covered floor for secure footing for stand up casting.

### FASTCAT™ 14 SPECIFICATIONS

- Exterior: 14'4" x 6'7"
- Interior: 11'10" x 5'3"
- Hull Weight: 108 lbs. Hull Only
- Weight: 126 lbs. with Transom
- Hull Material: 2 Layers of 1000 Denier Fabric All Drop-Stitch PVC
- Thickness: 8" Side Chambers, 6" Floor Chamber
- Inflation: 16 Minutes (Mega Electric Turbo Pump)
- Weight Capacity: 4 Persons or 1600 lbs.
- Motor Capacity: 20 hp, 15" Shaft, 125 lb. Max Wt.
- Deflated: 72" x 25" x 12"

Catamaran-style hull design provides the smoothest ride on the water. Side chambers create lift and reduce friction - increasing fuel economy, handling, and performance while providing an incredible cloud cushioned ride.

Protecting yourself from the sun and elements has never been more important. The FastCat 14™ is equipped with a Canopy Attachment System for use with the optional Wide Sun & Rain Canopy.

# The 4-Person Fusion Drop-Stitch Catamaran Boat

## Advantages of the Sea Eagle® FastCat™ 14

- Outstanding speed and performance** – Reaches up to 20 mph with a 20 hp motor or 15 mph with a 9.9 hp motor, even with four passengers aboard. The wide beam and open cockpit ensure a smooth, stable, and comfortable ride.
- Innovative Fusion Drop-Stitch catamaran design** – Delivers exceptional strength, lightness, and fuel efficiency. The FastCat™ 14 can travel over 70 miles on a single 6-gallon tank with a 20 hp motor.
- Lightweight and portable** – Weighs only 139 lbs. with the transom, making it easy to transport and handle for its size.
- Safe and self-bailing** – Features four independent air chambers, including a smaller bow floor chamber, for maximum safety and structural integrity. The open transom design makes it completely self-bailing—no manual bailing required.
- Comfortable protection** – Compatible with the Wide Sun/Rain Canopy for shade and shelter from UV rays and rain.
- Customizable seating and accessories** – Four individual 360-degree swivel seats for all-day comfort. Two Genuine Sea Eagle® Accessory Mounts compatible with Scotty®, Yak Attack or Railblaza gear allow easy installation of accessories like cup holders, anchor locks, camera posts, bait trays, or rod holders.
- Spacious deck layout** – A 60" wide floor provides ample room for coolers, fishing gear, and other essentials.
- Versatile bow platform** – The open bow doubles as a swim platform, making it easy to step onto a beach, dive in, or climb back aboard.
- Durable protection** – Rubbing strakes beneath the Drop-Stitch pontoons guard against wear when beaching.
- Comfortable capacity** – Seats up to four adults (two in front, two in back) with an EVA foam-covered floor for secure, slip-resistant footing.
- Superior handling** – Side pontoons create a water tunnel effect and a double keel system for precise, responsive turning.
- Best Uses** - Ideal as a pontoon runabout for up to four people on lakes or bays, a perfect vacation boat for extended trips, or a great companion for motorhome owners who want a portable watercraft ready for adventure.
- PLEASE NOTE:** Due to its larger size and weight when equipped with four swivel seats and a 9.9 or 20 hp motor, trailering is recommended for frequent use at your preferred water location.

Quick attachment points for attaching the optional Sea Eagle Swim Ladder and/or front trolling motor mount.

Add Sea Eagle® Universal Casting Bar, The Sea Eagle Adjustable Casting Bar provides a sturdy, convenient hand-hold and safe, secure support for standing and casting. See Accessories Section. **Just \$199.** Item Name: CASTINGBAR

### Standard Features

- NMMA & CE Certified
- Four independent air chambers with flush-mount, one-way recessed valves for quick and effortless inflation and deflation.
- EVA foam foot pad on the floor provides excellent standing stability and a secure, non-slip surface.
- Full-length rubbing strake beneath the side pontoons protects against barnacles, rocks, and other sharp objects.
- Catamaran hull design provides the smoothest ride on the water

- Double-layer Fusion Drop-Stitch construction on all chambers ensures maximum puncture and abrasion resistance and exceptional rigidity.
- Two canopy mount grommets for simple canopy attachment and removal.
- Two Genuine Sea Eagle® Accessory Mounts compatible with Scotty®, Yak Attack or Railblaza gear, rod holders, anchor systems, GoPro® cameras, cup holders, and more.
- Integrated 40" fish ruler for convenient on-board measuring.
- Four D-rings for securing canopy straps or additional gear.

- Removable transom supports up to a 20 hp engine and can be permanently attached or detached for compact storage.
- Ten carry handles – two at the bow and four along each side – for easy lifting and transport.
- Large bow D-ring for anchoring or towing behind a larger vessel.
- Aluminum bench seats pre-drilled to accommodate four Scotty® base mounts for added accessories.
- Swivel seats provide a full 360° range of motion and lasting comfort.
- Includes carry bag, repair kit & instructions.

Inflate easier and faster with an Optional Mega 4-Cylinder Electric Turbo Pump. See Accessories Section. **Just \$299.** Item Name: PUMPMEGA

# FishSkiff™ FSK16

## Sea Eagle® FishSkiff™ 16 — The World's Only Rollup 16' Ultimate Fishing Skiff for 1, 2 or 3 Anglers!

PATENTED Sea Eagle® FishSkiff™ provides you with a NEW and REVOLUTIONARY APPROACH TO FISHING. The Sea Eagle® FishSkiff™ 16 is the world's only roll-up 16-foot fishing skiff, offering unmatched versatility and convenience. As the lightest 16-foot fishing boat available, it can be easily rolled up and stored in a truck, large SUV, or flatbed truck.

Built with double-layer drop stitch technology, it inflates to 15 psi, providing exceptional toughness and rock-solid rigidity. The FishSkiff™ 16 supports both electric and gas motors up to 10 horsepower, making it suitable for use on small ponds, inland lakes, wide-open bays, or even coastal waters—perfect for long-distance motoring. Drawing only a few inches of water, it performs equally well in deep or shallow fishing environments.

With a 5 hp Honda® motor, it can reach speeds of 15 mph with one person or 12 mph with two. Combining portability, practicality, and affordability, the Sea Eagle FishSkiff™ 16 stands out as the most innovative and economical fishing boat ever designed.

Patented 6" deep, high-pressure, rigid, external, inflatable keel! (U.S. Patent #8,286,573 2)

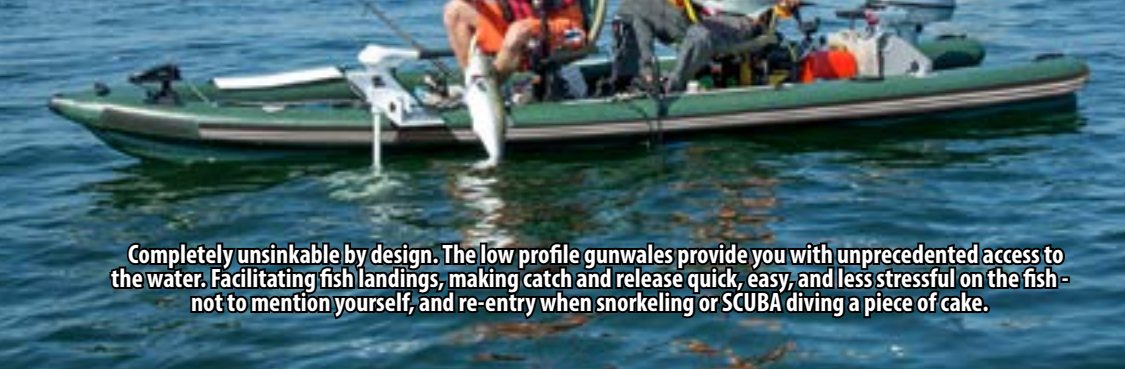

The newly redesigned FishSkiff™ 16 is now easier to carry, thanks to its ultra-light yet ultra-strong construction that fuses two layers of reinforced PVC. It also features a patented high-pressure inflatable drop-stitch keel, delivering superior handling and control in open waters and rough conditions. Travel up to 30 miles on just 3 gallons of gas and reach speeds of over 21 mph with a 10 hp motor!

The External Inflatable Keel with protective keel guard increases performance and handling. It provides a smoother softer cushioned ride, more bow lift and buoyancy, reduces friction and draft, performs better in rough conditions, adds protection and rigidity, acts as an additional independent safety air chamber, and increases the self-bailing properties.

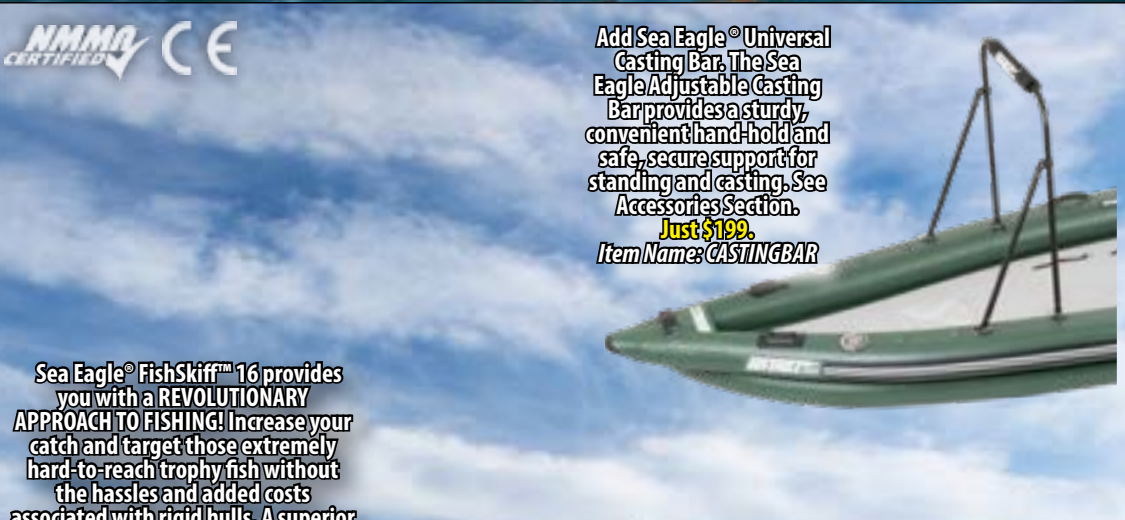

### FISHSKIFF™ 16 SPECIFICATIONS

- Exterior: 16'x4'5"
- Interior: 12'x3'
- Chambers: 6" Drop Stitch Floor & Side Pontoons
- Hull Weight: 86 lbs. (95 lbs. with Transom)
- Hull Material: Double Layer 1000 Denier Reinforced Fusion Welded Drop Stitch PVC
- Inflation: 12 Minutes with Mega Electric Turbo Pump
- Weight Capacity: 3 Persons or 1765 lbs.
- Engine Capacity: 10 hp Gas 15" Shaft, 100 lb. Max Motor Wt. Or 55 lb. Thrust Electric Min. 36" shaft
- Deflated: 60" x 24" x 12"

Completely unsinkable by design. The low profile gunwales provide you with unprecedented access to the water. Facilitating fish landings, making catch and release quick, easy, and less stressful on the fish - not to mention yourself, and re-entry when snorkeling or SCUBA diving a piece of cake.

Add Sea Eagle® Universal Casting Bar. The Sea Eagle Adjustable Casting Bar provides a sturdy, convenient hand-hold and safe, secure support for standing and casting. See Accessories Section. **Just \$199.** Item Name: CASTINGBAR

Sea Eagle® FishSkiff™ 16 provides you with a REVOLUTIONARY APPROACH TO FISHING! Increase your catch and target those extremely hard-to-reach trophy fish without the hassles and added costs associated with rigid hulls. A superior inflatable craft that requires no trailer and can be fished everywhere from skinny to deep water and everything in between.

# StealthStalker™ STS10

## For 1 or 2 Anglers Who Want A Stable Fishing Platform And The Feel Of Being Inside A Boat!

The Mean Green Sea Eagle StealthStalker™ 10 delivers a true stealth-fishing experience for one or two anglers, featuring a full interior cockpit, dual 360-degree swivel seats for comfortable sit-down fishing, and sectional floorboards that provide rock-solid stability for confident stand-up casting in both calm and choppy waters.

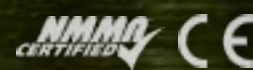

New this year, the ProLite Package, featuring High-Pressure Rigid Inflatable 3" Drop-Stitch Floor, cuts weight, boosts packability, and even opens the door to fishing while rafting down white-water rivers.

Despite its capability, this rugged little boat remains compact enough to fit in a car trunk. At just 81 lbs with wooden floorboards or 60 lbs with the drop-stitch floor, it's light enough for two anglers to carry from vehicle to water with ease.

Designed for serious versatility, it includes Genuine Sea Eagle Accessory Mounts compatible with rod holders and a wide range of Scotty™, YakAttack, and Railblaza gear. Raised oarlocks and performance oars deliver real propulsion, while the motor mount supports electric or gas motors up to 4 hp. Elevated pedestal swivel seats keep you higher for better visibility, and the enclosed cockpit ensures you don't lose gear—or fish—when something slips.

### STS10 SPECIFICATIONS

- Exterior: 10'1"x5'
- Interior: 7'6"x2'4"
- Weight: 47 lbs., 81 lbs. with Wooden Floorboard, 60 lbs. with Drop Stitch Floor and Motormount

Coming Mid-June, 2026

### The NEW ULTRA-LITE StealthStalker™ STS10 Pro Lite Package has arrived.

It introduces an advanced Ultra-Light High-Pressure Drop-Stitch Rigid Inflatable STS10 Floor that cuts weight of the boat by 11 lbs., dramatically improving portability. This upgrade also makes the StealthStalker™ suitable for fishing while rafting through mild whitewater rivers. While this option comes at a higher price, the reduced weight, easier pack-ability, and expanded on-river fishing capability deliver exceptional overall value.

Inflate easier and faster with a Two-Stage Electric Pump. Just \$149. Item Name: PUMPADA

# FishSUP™ FS1210

## A Game Changing New Era SUP for Serious Anglers!

Designed for those who want to elevate their fishing experience, this craft delivers a broad, ultra-stable platform ideal for standing, casting, and powering through the water with either an electric motor or a gas motor up to 3 hp. This next-generation fishing SUP is built for anglers who want maximum versatility. Its accessory-friendly design lets you customize your setup in countless ways—mount a spot-lock motor, attach a casting bar, or outfit it with a full range of Scotty® gear.

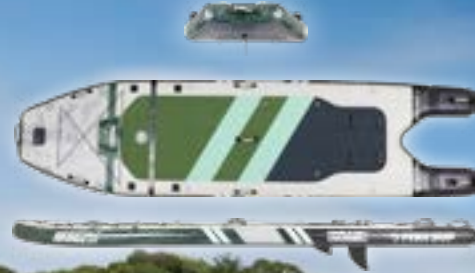

Durability is at the core of its construction. Both the deck and hull feature dual layers of Fusion Drop Stitch material, giving it the strength to withstand years of demanding use. Setup is quick, movement is silent, and stability is unmatched. Its extra-wide stance keeps you steady even when fighting big fish, while the tapered bow slices through chop with ease. The broad stern and triple-fin layout enhance tracking and balance, making every outing smoother and more controlled.

Storage is abundant, with ample room for coolers, tackle, rods, and all your essential gear. Use it as a simple, portable SUP—light enough to carry in your car and inflate in minutes—for quiet ponds and hidden lakes. Or outfit it with a swivel seat, motor mount, cooler, and electric motor for a more comfortable, hands-free experience. Want more speed and range? Add a 3 hp gas motor and cover miles with minimal fuel cost. Enhance your setup even further with roller wheels, side pontoons, a bow-mount spot-lock motor, or a front casting bar for added stability and control.

Built with rugged dual-layer drop stitch construction on top and bottom, the FS1210 is engineered to handle years of heavy use. Easy to assemble, effortless to stand on, and exceptionally stable, this SUP truly changes the game for anglers who demand more from their gear.

### FS1210 SPECIFICATIONS

- Exterior: 12'9" x 3'4" x 6"
- Cockpit Area: 12'9" x 3'4"
- Thickness: 6" Drop-Stitch
- Hull Weight: 47 lbs.

## Pumps

**A41 Large Bellows Pump \$39.**  
 A high capacity foot pump made of durable ABS plastic that packs down for easy travel. Comes with triple styled nozzle for use on deluxe

white one-way valves and pipe valves on unsupported fabric (white) hulls. Also included is a Recessed Valve Adapter for use on supported fabric hulls. Mention boat model when ordering. *Item Number: A41*

**Dual Action Auto Two Stage Pump w/ Pressure Gauge \$49.**

This pump's special design allows for low effort and quick inflation. Made with a reliable and strong aluminum shaft. It comes equipped with 2 hoses - one with recessed one-way valve adapter, one with deluxe one way valve adapter - and an easy to read in-line pressure gauge. This pump capable of inflating to 11.6 PSI. Not for **SE370, SE9, or PF7.**

- In-line, easy visible, pressure gauge
- Dual Action (inflates on both up and down strokes)
- Stage I inflates up to 5.8 psi
- Stage II automatically kicks in above 5.8 psi and is capable of 11.6 psi
- *Item Number: PUMPBRAVO4*

**SUP Pump w/ Pressure Gauge \$49.**

In-line, easily visible, pressure gauge. Manual select between single and double action. 29 psi max inflation pressure. This SUP(Stand Up Paddle) Pump's special design allows for low effort and quick inflation. Made with a reliable and strong aluminum shaft. The SUP Pump comes equipped with hose, recessed one-way valve adapter and a conveniently located, easily visible, in-line pressure gauge and the option of selecting between single action (down stroke only) and double action (both up and down strokes) inflation. Use double action for high volume and lower pressures and single action during increasing resistance caused by higher pressures. Includes 2nd hose with Boston Valve and Pipe Valve attachments. Not for **SE370, SE9 or PF7.** *Item Number: PUMPSUP*

# Sea Eagle® Genuine Accessories

**Mini-Pump 3-IN-1 Electric Air Pump w/ Built-in Flashlight \$59.**

Works great for inflating and deflating **PF7, SE370,** and inflatable seats. The Mini-Pump 3-IN-1 Air Pump w/ Flashlight and built-in rechargeable battery is an excellent choice for low-pressure (up to 1.8 psi) inflatables. Featuring 1st and 2nd gear inflation/deflation modes, a built-in flashlight, lantern light, and a USB power output interface to power/charge your small battery-operated devices. 1st gear inflates up to .7 psi (300L/min). 2nd gear inflates up to 1.8 psi (450L/min). This pump is a great pump for camping as well.

- Weight: 1 lbs.
- Dimensions: 2.6" Length x 2.25" Width x 6" Height
- Maximum Run Time: 5 Minutes
- Minimum Off Time: 10 Minutes
- Flow Rate: (1st gear) 300L/min @ .7 psi & (2nd gear) 450L/min @ 1.8 psi

Includes: Mini Pump with rechargeable internal lithium-ion battery, USB-C charging cord & wall-plug, 6-piece inflation adapter set, 1 rubber gasket. *Item Number: PUMPMINI*

**MEGA 4-cylinder Electric Turbo Pump \$299.**

**INFLATES UP TO 15PSI WITH AUTOMATIC STOP FEATURE-** Electric pump features 0-15 psi digital air-pressure settings to preset your desired psi. **ADJUSTABLE PRESSURE SETTING:** Adjustable in .5 psi increments. **POWERFUL & RECHARGEABLE ELECTRIC AIR PUMP-**Battery powered pump has an Integrated 10000 mAh Battery (charger & cord included). **LCD DIGITAL DISPLAY WITH REAL-TIME MONITORING:** Equipped with a digital LCD screen and touch button control panel. Target pressure function ensures the pressure stays within the recommended PSI range to prevent over-inflation. **Dual USB 5V/2A Ports:** For charging your cell phone and other small rechargeable battery-powered devices. This is the fastest electric pump offered by SeaEagle.com. On average it can inflate your Sea Eagle approximately 50% faster! Not for **SE370 or PF7**

**\*\*CAUTION:** With **SE9** Motormount Boat use in tandem with Inflation Gauge

- Weight: 5.75 lbs. with bag and hose
- Dimensions: 13" x 11" x 6"
- Maximum Run Time: 15 Minutes
- Minimum Off Time: 15 Minutes
- Flow Rate: 200L/min
- Includes: 60" (5') cable 19V DC wall charger, 43" (3'6") inflation hose w/ Recessed Valve Adapter, 6-piece inflation adapter set, 4 rubber gaskets.

*Item Number: PUMPMEGA*

**ADA Portable SUP Electric Air Pump Pump Only \$149.**  
**Pump w/Battery Pack & Charger \$189.**  
**Battery Pack & Charger \$49.**

The is a high-performance, portable electric pump designed for **SUPS, Boats & Kayaks.** Built for convenience and reliability, it features a digital pressure display, automatic shut-off, and dual-stage inflation to deliver fast, effortless setup for all your inflatables. With flexible power options it's ready to use anywhere. Choose your power source — 12V car adapter, 12V wall adapter, or optional 12V battery pack, connect the hose with the right nozzle to your inflatable, set the pressure on the digital screen and press the start button. The pump quickly fills the inflatable at stage 1, then switches to stage 2 to reach the desired pressure. It stops automatically when desired pressure is attained. Not for **SE370, SE9 or PF7** Key features:

- Adjustable settings up to 20 PSI for **SUPS** and other high-pressure inflatables
- Digital Display for real-time pressure monitoring with an easy-to-read digital gauge
- Multi-nozzle adapters for variety of valves
- Grab & go handle & carrying bag for easy storage and transport.

*Item Number: PUMPADA* - for Pump only; *Item Number: PUMPADAKIT* - for Pump plus 12V Battery Pack & Charger; *Item Number: BATTERYADA* - for 12V Battery Pack & Charger.

## Fishing Accessories

**Universal Casting Bar \$199.**

The Sea Eagle Universal Casting Bar provides a sturdy, convenient handhold and safe, secure support for standing and casting. The strong tubular aluminum bar with a soft foam leaning pad quickly attaches without tools and folds down for easy storage and transport. The width is adjustable from 28" to 42". Includes: Casting bar, soft casting bar pad, 4 locking pins

Compatible with 2025 and newer models of the Sea Eagle **385fta, 285fpb, STS10, 375fc, 437ps, FishSUP, FastCats, FastCat, and FishSkiff.** *Item Number: CASTINGBAR*

**Sea Eagle® Genuine Accessory Pad \$15.**

The Sea Eagle® Genuine Accessory Mount 5"x7" base is a versatile accessory that allows you to customize your boat, kayak or SUP with many more. Flexible PVC with puncture protection screw plates, includes Stainless Steel fasteners, for use with side/deck mount, and glue. Glues to PVC & Hypalon boats. Not for use on our **PF7, SE370 or SE9.** *Item Number: PADACC.*

**Scotty® Locking Side/Deck Mount \$14.**

This is the accessory that almost all other Scotty accessories go into, so it's a must have item. This screws into the gray or black glue on base mounts. It also can be screwed directly to wooden or aluminum benches or seats. **PF7, SE370 or SE9.** *Item Number: SCOTDECKMTL*

**Scotty® Universal Sounder Mount \$21.**

The Scotty® mount accepts fish finders and other electronic gear. Plugs into the universal Side/Deck mount or into the Gear Head Mount. *Item Number: SCOTSNDRMT*

**Scotty® Baitcaster Rod Holder Kit \$39.**

Includes Scotty® Baitcaster rod holder, glue-on pad, side/deck mount and PVC glue. Can be applied to many of our boats. Works with all Scotty® brand accessories. Not for use on **PF7, SE370 or SE9.** *Item Number: SCOTRODKIT*

**Scotty® Anchor Lock \$35.**

This Scotty® fitting allows you to have an anchor ready to drop at any moment. Pull back to release and drop anchor. Lower the rope to lock anchor either in the water or when hanging on the side of your boat. Anchor and rope not included. *Item Number: SCOTANCRK*

**Scotty® Triple Rod Holder Mounting System \$54.**

With this customizable Triple Rod Holder Mounting System by Scotty® you can add 3 more rods to your arsenal, 2 rods and an anchor lock, a rod holder, anchor lock and camera post...the possibilities are endless! Quickly attaches to the Scotty® glue on mounts. Includes side/deck mount and hardware for mounting to Scotty glue on mount. Dimensions: 4"x2"x2", Bolting Dimension: 1 5/16"x3 1/16". *Item Number: SCOTTRIPLE*

# Sea Eagle® Genuine Accessories

## Scotty® Cup Holder w/attachments \$19.

Includes two 1 1/4 inch screws, post and slide on mount. Scotty Cup Holder can be mounted to a Scotty Side/Deck Mount with post or directly to a bench, cooler or other flat surface with slide on button mount. Recommended for: **Explorers, FastTracks, 385fta, STS10, 285fpb, 375fc, 350fx, FSK16, 10.6sr, 12.6sr & 14sr.** Item Number: SCOTCUPHLD

## Sea Eagle® Wheel Systems

### Sea Eagle® EZ-Cart Wheel System

Adjusts to almost any size Sea Eagle. This simple to use and easy to assemble cart wheel system fits under almost any **Sea Eagle Kayak, Pontoon Boat, FoldCat, FishSkiff, FishSUP or Motormount Boat.** Small and wide sizes hold up to 125 lbs. New Heavy Duty Wide size holds up to 250 lbs. It allows you to roll your Sea Eagle from where you inflate it to where you launch it. Snaps apart for easy transport. Rugged, reliable and practical. Not recommended for our heaviest boats or with boats carrying an 8 or more horse power engine. Not designed for towing behind a vehicle. Available in 2 sizes & 3 versions:

- Small fits **Kayaks, 437ps, SUPs & FishSUP.** Item Number: EZCARTS **\$139.**
- Wide fits **SE9, STS10, 285fpb & 375fc.** Item Number: EZCARTW **\$149.**
- Heavy Duty Wide fits (Specially reinforced to accept up to 250 lbs.). Fits **SE9, STS10, 285fpb, 375fc, & FishSkiff 16** Item Number: EZCARTWHD **\$169.**

Please specify your Sea Eagle boat model and EZ Cart option when ordering.

## Sea Eagle® Swim Ladder

### Sea Eagle® Swim Ladder \$289.

Sea Eagle® Swim Ladder attaches to the bow of the **FastCat14™.** It easily folds up on the bow when motoring and quickly folds down to allow for easy re-boarding while in shallow or deep waters. Soft foam padding protects your feet while providing comfort and stability. Easy on & off the boat for children & adults. Great for a quick swim, snorkeling, or SCUBA diving. Swim Ladder has a 250 lb. weight limit Item Number: LADDER

## Rowing

### Sea Eagle® QuikRow™ \$399.

The Sea Eagle® Universal QuikRow™ features a rowing frame with adjustable seat positions, two oarlocks, two 7'11" 2-part oars, a super comfortable swivel seat and quick-attach, easy-lock straps. This easy setup rowing frame with optional footrest and optional Scotty® fishing rod holders transforms kayaks and SUPs into true rowing and/or fishing machines. It allows workout enthusiasts and anglers alike to row for exercise or row quickly to get to where the fish really are. Let go of the oars at any time without losing them because the oarlock pins hold them in place.

If you prefer to row forward, just turn the rowing frame around to face the front of your craft. The thick cushioned seat provides true sitting comfort and can be swiveled for a 360° view. Strong 7'11" aluminum oars with composite blades provide a comfortable grip and powerful strokes. *Weights just 20 lbs.* Recommended for **SUPs** and Sit-On-Top Kayaks. Not for **TC16, SE370, or RazorLites.** Item Number: QUIKROW

### QuikRow™ Footrest \$29.

Attaches to the QuikRow to provide a firm foot brace. Adjusts for short or tall folks. Recommended for **SUPs,** and Sit-On-Top Kayaks. Not needed for **Explorers, FastTracks** or other kayaks with cockpits because your feet sit comfortably on the floor. Item Number: QRFOOTREST

## Motormounts

### Bow Motormount for PaddleSki™ \$119.

Bow motormount kit for the Sea Eagle **PaddleSki™** - Holds up to a 55 LB thrust electric motor with a max wt. of 60 lbs.

- Electric motor up to 55 lbs. thrust max
- 60 lbs. max motor weight
- 36" shaft minimum
- Easy installation
- Corrosion-resistant aluminum component
- Lightweight
- Drilled for Watersnake Quick Release Bracket

Item Number: MMPS437

## Motormount for FastTracks and Explorers \$119.

Motormount kit for **FastTracks** and **Explorers.** Holds up to a 34 lb thrust electric motor with a max motor weight of 15 lbs. \*Not compatible with **Explorer 300x.**

- Electric motor 34 lbs. thrust max
- 15 lbs. max motor weight
- 24" shaft minimum
- Easy installation
- Corrosion resistant aluminum and stainless steel components
- Lightweight
- Comes with two 4' Straps
- Compatible with FastTrack and Explorer Series
- **FastTracks** and **Explorers** older than 2013 will need to purchase two sets of D-Rings

Recommended for: **Explorers & FastTracks.** Item Number: MMKAYAK

### Bow Motormount for FishSkiff \$119.

Bow motormount kit for the **FishSkiff (FSK16)**- Holds up to a 55 LB thrust electric motor with a max weight of 50 lbs.

- Electric motor up to 55 lbs. thrust max
- 50 lbs. max motor weight
- 30" shaft minimum
- Easy installation
- Corrosion resistant aluminum component
- Lightweight
- Comes with two 4' mounting straps

Item Number: MMFSK16

## Seats

### Swivel Seat Fishing Rig Seat for Kayaks & SUPs \$249.

This Sea Eagle® Swivel Seat Fishing Rig with Scotty® Rod Holders turns our **SUPs** and all our **FastTracks** and **Explorers** into true fishing machines. So simple, this lightweight frame reliably holds a swivel seat with 2 Scotty™ Rod Holders. It straps down to D-rings already on our **SUPs** and Kayaks. *Weights just 15 lbs.,* fully assembled. Can be carried fully assembled, or taken apart to stow more compactly. Please specify model you will use this accessory with. Not for **SE370, TC16, 437ps, 393rl & 473rl.** Item Number: SSSFR

## Deluxe Kayak High Seat \$79.

Coming June 15th, 2026

This inflatable seat provides a higher seat position for kayakers that makes getting in and out easier. Super comfortable, it supplies back support. Works in our **EZLite, Explorer & FastTrack Kayaks** & on all **SUPs.** Features a rear zipper pouch to hold small valuables. Clips to D-rings on our kayak or to itself. Item Number: DKS

### Tall Back Kayak Seat \$99.

Featuring a higher back rest with raised foam cushion seat. Designed for our **Explorers, RazorLites, FastTracks Kayaks** & all **SUPs.** Not for **SE370.** Built in rear zipper pouch to hold drink and goodies. Sides wrap around the paddler for secure enclosed feeling. Item Number: TBS

## Sailing

### Sea Eagle® QuikSail™ - The Universal Kayak, Canoe or SUP Sail To Go! \$189.

Easy to deploy, easy to stow, this "down wind" sail can move a kayak or SUP up to 7 knots and can be steered 30 degrees to the left or right using your paddle as a rudder or by adjusting the angle of the sail. Works well with all Sea Eagle **Kayaks, SUPs, Travel Canoe** and most other inflatable and rigid kayaks. Enhances and broadens the experience of kayaking and paddle boarding.

This sail has rope support that clips to D-rings on our kayaks so you just need to brace the sail with your feet and steer with your paddle. The QuikSail™ comes in its own carry bag that measures 45"l by 3" and weighs just 2lbs.

- 14 Sq ft Neil Pryde Sail
- Strong aluminum frame
- Nylon carry bag
- Hands-Free
- Self-Standing
- Measures 43"x3"
- Extends to 81"
- Weights 2 lbs.
- Sails up to 7 knots

Item Number: QUIKSAIL

## Bags

### All Purpose BACKPACK (BLACK) \$99.

restrictions prior to traveling.

- Heavy padded adjustable shoulder straps
- High strength drawstring cinch with locking/release mechanism
- Industrial strength securing straps with heavy duty locking clips
- Air mesh for breath-ability
- Made of durable PVC backed nylon canvas

Item Number: BACKPACKBL

### Clip-On Bow Stow Bag for 285fpb \$29.

18.5"x7.5"x7" made of durable Nylon fabric with convenient zipper closure. Holds fishing lures, pliers, fishing knife and other accessories close at hand. Clips on & off in the bow in seconds. Item Number: BOWBAGFPB

### Clip-on Side Bag for 285fpb & STS10 \$15.

Handy storage space. Made of durable Nylon fabric with convenient zipper closure. Clips on and off in seconds to the pontoons of **285fpb & STS10.** Item Number: FPSIDEBAG

### 10 Liter Safe & Dry Bag \$15.

Great for use with your Sea Eagle **Kayaks, SUPs** or **Boats.** Perfect to hold snacks, cell phone, keys, wallet, a sweatshirt, etc. dry. Features 1 D-Ring to secure to kayaks, boats, or other bags, a high-visibility reflective yellow color and a buckle that has an integrated whistle. Measures 23" tall x 16" wide when laid flat, 10 liters (610 cu. in.). Item Number: BAGDRY10L

### 25 Liter Safe & Dry Bag \$20.

This 25 liter dry bag will keep larger valuables safe and dry from moisture. The simple and easy to use fold-over closure clasp system provides a tight seal every time. The clasp buckle features integrated emergency whistle. The clasp buckle also features 1 D-Ring to attach to kayaks, boats, or extra gear.

Plenty of room for an extra set of clothes, food, phone camera gear and more. Measures 26.5" tall x 14.75" wide. Weighs 2.6 oz. Made of coated 30D rip-stop nylon material. Item Number: BAGDRY25L

# Sea Eagle® Genuine Accessories

## Repair Kits

### KwikPatch Instant Repair Patch \$12.

The Patch N Go KwikPatch is a nifty little patch kit that will save you time and aggravation if you happen to get a puncture on the water. The clear patch gives excellent bonding within minutes of application so you can be quickly on your way. Item Number: KWIKPATCH

### Small Repair Kit for PolyKrylar Boats \$12.

Includes two 4" x 3" patches of PolyKrylar material and 2 tubes of glue. Suitable for **PF7, SE370 & SE9.** Item Number: SMREPAIRKT

### Repair Kit for 1000 Denier Boats \$22.

Includes two 9" x 4-3/4" patches, tube of glue, and valve replacement tool. Suitable for **SUPs, RazorLites, Travel Canoe, Explorers, FishSkiff, FastCat, FastTracks, PaddleSki & Frameless Pontoon Boats** Item Number: REPAIRKIT

## Other Accessories

### 8' Easy Secure Strap \$12.

When you need just a little more strap to tie down accessories, your SUP, kayak or boat, the 8' strap is ready. Heavy duty strap with easy to use lock. 8' (96") long. Item Number: 8FTSTRAP

### 20' Easy Secure Strap \$21.

An extra long, lightweight strap for when you need to secure larger items. Great for car-topping all Sea Eagle **boats, kayaks** and **SUPs.** Only two are needed to secure our widest and largest inflatable boats to a roof rack. Also works great with the our EZ Cart. Features a stainless steel buckle that locks the strap in place tightly. Item Number: 20FTSTRAP

### 13' Easy Secure Strap \$17.

Featuring a super sure stainless steel buckle, this strap measure 13' in length which makes it ideal for car topping most of our **boats, kayaks** or **SUPs** with just two straps. It is also very useful with our EZ Cart. This new Easy Secure Strap is so flexible makes it fast and easy to feed through the stainless steel buckle and clamp down. Item Number: 13FTSTRAP

## 19' Easy Secure Strap \$9.

Made with the same stainless buckle as the 13' and 20' straps this much smaller strap is ideal for securing paddles, bags, any small item to d-rings on your kayak or boat or to roof racks. For example, clamp down a rope into a tidy package, secure a waterproof box to rope lacing or lash down a fishing rod to a roof rack. Its uses are just too many to mention. Item Number: 19INSTRAP.

## Large Slide In Skeg \$29.

An excellent accessory to increase your hulls ability to track straight and true resulting in less yawing (side to side swinging) of your hull during paddle strokes, thus improving paddling efficiency. Large 9 1/2" removable slide in skeg for **SUPs, FastTracks, Explorers** and **Travel Canoe.** Item Number: SKEGWING.

## Slide in Swept Back Skeg \$29.

This swept back skeg is 13" long, but only 7" deep, and weed-less - something important in areas with algae & seaweed. The rudder action of the skeg minimizes yawing (side to side swinging of a kayak or SUP) during paddling strokes and assist with forward propulsion due to it's reflex technology. Because it is only 7" deep this skeg allows you to paddle in much shallower waters. Large swept back removable slide in skeg for **SUPs, RazorLites, FastTracks, Explorers,** and **Travel Canoe.** Item Number: SKEG15.

## Adjustable Ultra-Light Kayak Footrest for V-Bottom FastTracks \$15.

Enhance paddling efficiency with this blue foam ultra-light adjustable footrest. Specifically for our New V-Bottom FastTrack **385ft** and **465ft.** Totally adjustable for optimal foot support position and leg support. Round foam cylindrical design provides a comfortable, non-slip surface that braces feet securely while paddling. This footrest boosts power transfer, reducing fatigue on long trips while improving control in choppy conditions. Its ergonomic roll for natural foot positioning, elevates casual kayaking to performance level. G-Clips attach to Daisy-Chain Loop tie downs for easy adjustments. Item Number: FOAMFRST

## FlexBrace2 Kit with EZ-Install Lever-Action Rods \$119.

Featuring EZ-Install Lever-Action Rods! Ergonomic customizable footrest adjusts to 20 positions quickly & easily. Increases paddling performance. Adjusts instantly, just lift the pedal with your foot & move to a comfortable setting. The base stays in place while the EZ-Install Lever-Action Rods & pedals removes quickly for compact storage. This sturdy, convenient & easy-to-use adjustable footrest works on many Sea Eagle & other inflatable kayaks. Kit includes a left and right FlexBrace2 and 1 Weaver Two-Part Glue Kit.

Recommended for **Explorers, 385fta, RazorLites.** Does not work on pre-2025 Explorer **300x** due to air valve placement and only 1 FlexBrace Kit can be used with the FastTrack due to Daisy-Chain web loop placement. Item Number: FLEXBRKIT2

## Kayak Blanket Waterproof Kayak Blanket™ \$119.

Perfect for Early Spring Paddling.

53" long x 20" wide at front, 40" wide at rear. Attached strap with clip allows blanket to be rolled up and pack to just 18"x6"x3". Weighs only 18 oz.

Specially designed blanket protects against cold, rain or sun. Fits over your feet legs and torso. Neatly tucks in at the sides and is ideal for paddlers, campers and anglers. Made in the U.S. by the Mambe® Waterproof Blanket Company.

- Completely waterproof nylon shell
- Super plush Polartec® Classic 200 fleece
- 8" Pocket at front to comfortably fit feet
- 53" long x 20" at front x 40" at rear
- Weighs 18 oz. Packs down to 18"x6"x3" and fits neatly in included stow pocket
- Perfect for Fall, Winter & Spring Paddling.

We recommend wearing a wet suit or a dry-suit in temperatures below 32 Fahrenheit Item Number: BLANKETSE

# Sea Eagle® Genuine Accessories

## Canopies

- Regular Deluxe Canopy **\$229.**
- Regular Deluxe Wide Canopy **\$279.**

Provides shade from sun and shelter from rain. Detachable Aluminum tubing for compact portability. The Wide Canopy is 12" wider and 22" longer than the regular canopy. *Item Number: CPW for wide canopy for FishSkiff 16 (2-person package only), FastCats. Item Number: CP for SE9 and PaddleSki. Specify boat model when ordering.*

- Canopy for 50W Solar Panel **\$239.**
- Canopy for 110W Solar Panel **\$239.**
- Wide Canopy for 50W Solar Panel **\$289.**
- Wide Canopy for 110W Solar Panel **\$289.**

Solar Canopy keeps you cool and protected from the harmful UV rays of the sun. In a sudden rainstorm, it keeps you dry. Has pre-installed brass grommets to secure your Solar panel (sold separately) to the canopy. PVC Coated polyester canopy & folding aluminum frame. The canopy folds down when needed and can be deployed in seconds. Perfect for clearing the way to fish!

For smaller hulls:

- 41" High x 61" Long x 47" Wide
- Four pre-installed brass grommets to secure your Solar panel
- Four adjustable straps from 25"-56" w/ attachment clips
- Rugged, waterproof 322 denier reinforced canopy
- Folding aluminum tubing for easy storage
- Installs in minutes
- Fits Stealth Stalker 10, SE9 Motormount Boats and 437ps PaddleSki
- \*\*\*Not Compatible with 285fpb, or FoldCat\*\*\*
- \*\*\*Solar Panel not included\*\*\*

For use with 50W Solar panel. *Item Number: CP50.*  
For 110W Solar panel, *Item Number: CP110.*

For larger hulls

- 47" High x 83" Long x 59" Wide
- Four pre-installed brass grommets to secure your Solar panel
- Four straps adjustable from 35"-70" w/ attachment clips
- Rugged, waterproof 322 denier reinforced canopy
- Folding aluminum tubing for easy storage
- Installs in minutes
- **FishSkiff16**, and **FastCat**.
- \*\*\*Solar Panel not included\*\*\*

\* Cannot be used with the **FishSkiff16** 3-Person Package due to the position of the tandem seats and the canopy attachment points.  
For use with 50W Solar panel, *Item Number: CPW50* and for 110W Solar panel, *Item Number: CPW110.*

## Solar Panels

Providing the most solar power into a battery - extending your battery's lifetime! For charging any 12-volt battery. The semi-flexible (black fiberglass backing) solar film technology creates a highly efficient solar panel that takes up little space. The PowerBoost Charge Controller utilizes high-efficiency DC-DC converters and a proprietary power point tracking system to optimize the power collected from the solar panel and efficiently charge a battery. Specifically designed for solar use and will not overcharge a battery.

### 50W Semi-Flexible Solar Panel with Built-in Charge Controller & Fuse **\$449.**

- Charges 12V lithium-ion and lead-acid battery
- Charging voltage 13.8V float, 14Voc
- Charging efficiency 88-91%
- Maximum voltage rating on terminals 16V
- Effective power to battery 40W
- Current to the battery 2.8A - 3.8A (depending on battery voltage)
- Inline replaceable safety fuse to the battery
- 15 ft. power cord
- Fully weatherproof with IP67 rating
- Rugged panel encapsulation for maximum UV protection and can withstand significant impact before breaking
- Attaches to most Sea Eagle boats that accept an electric motor. Can be attached to the Sun & Rain Solar 50 & Wide Sun & Rain Solar 50 Canopy (canopies sold separately) or directly to your Sea Eagle SUP, boat, or kayak. Attaching hardware provided.
- *Weights just 3 lbs.* Dims: 29.6" L x 17" W x 0.1" H

*Item Number: SOLAR50*

### 110W Semi-Flexible Solar Panel With Built-In Charge Controller & Fuse **\$799.**

- Charges 12V lithium-ion and lead-acid battery
- Charging voltage 13.8V float, 14.5Voc
- Charging efficiency 88-91%
- Maximum voltage rating on terminals 16V
- Effective power to battery 97W
- Current to the battery 6.0A - 8.5A (depending on battery voltage)
- Inline replaceable safety fuse to the battery
- 15 ft. power cord
- Fully weatherproof with IP67 rating
- Rugged panel encapsulation for maximum UV protection and can withstand significant impact before breaking.

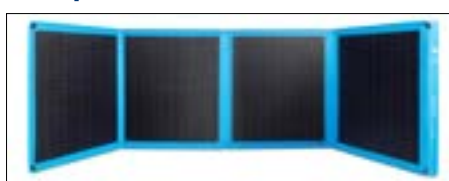

- Attaches to most Sea Eagle boats that accept an electric motor. Can be attached to the Sun & Rain Solar 110 & Wide Sun & Rain Solar 110 Canopy (canopies sold separately) or directly to your Sea Eagle SUP, boat, or kayak. Attaching hardware provided.
- *Weights just 5.5 lbs.* Dims: 44.5" L x 20.9" W x 0.1" H

*Item Number: SOLAR110*

*PowerFilm® Solar Panels comes with a 1-year manufacturer warranty. The Sea Eagle 2 part guarantee does not apply to PowerFilm® products. They are not returnable. All warranty work is handled directly by PowerFilm®.*

### 80W Bixpy® SUN80 Waterproof & Fold-able Solar Panel **\$349.**

With 80 watts of output from mono-crystalline cells, this solar panel will charge your Bixpy PP-378 Battery or Bixpy PP-333 Battery in about 6 to 10 hours.

- Folded size (5 folds): 17" x 15" x 1.25"
- Open size: 17" x 63" x 0.4"
- Weight: 7 lbs.
- Output voltage: 36.0 V
- Output current: 2.2 A max.
- Total output: 80 watts
- Efficiency: >20% Outer Shell material: ETFE Laminate
- Connection point: barrel connector
- Charges the PP-378 in: 6 to 10 hours
- Includes two anchor attachment points
- Waterproof and dirt-proof with corrosion-resistant components
- Fresh and saltwater ready

*Item Number: SOLAR80*

NOTE: This solar panel will NOT charge other Bixpy Batteries and is specifically designed to charge the Bixpy PP-378 Battery or PP-333 Battery

\*THIS SOLAR PANEL WILL NOT CHARGE THE BATTERY WHILE THE MOTOR IS RUNNING. DO NOT SIT OR PUT WEIGHT DIRECTLY ON SOLAR PANELS.

*All Bixpy® products are covered by the Bixpy 1-year Warranty. The Sea Eagle 2 part guarantee does not apply to Bixpy® products. They are not returnable. All warranty work is handled directly by Bixpy®.*

## Torqeedo® Electric Motor

### Torqeedo® Travel 903CL Long Shaft w/915 Wh Battery **\$2240.**

The Torqeedo® Travel 903CL is an Advanced High Tech German Electric Motor. Delivers the true thrust of a 2.5 hp Gas Engine. Includes motor, Lithium-ion Manganese battery & charger.

	Speed (knots)	Range (nm)	Run Time (hrs)
Slow Speed	1.5-2.0	15.0-20.0	10:15
Half Throttle	2.5-3.0	8.5-10.5	3:30
Full Throttle	4.5-5.0	2.5-2.8	0:50

The Torqeedo® Travel 903CL is smart, tough and powerful. This motor is equipped with more efficiency, more battery capacity and an on-board computer including GPS and real-time range calculation. The on-board computer features a wonderful display panel that monitors battery status, your remaining range, your ground speed and your input power.

- High-efficiency outboard with integrated 915 Wh high-performance lithium battery
- 2.5 HP equivalent
- 900 W power output
- Including onboard computer with GPS-based range calculation and charger
- Ultra-quiet (33db), clean and compact
- Silent direct-drive
- Instantaneous throttle response
- High efficiency propeller
- Improved durability
- Emergency magnetic kill switch
- Completely waterproof (IP67)
- *Weights 39 lbs. w/ battery*

Recommended for **FishSkiff 16, FastCat 12, FastCat 14, 437ps PaddleSki, 285fpb, STS10, 375fc.** *Item Number: TORQ903CL*

*Torqeedo® products come with a 2-year manufacturer warranty and are not covered under the Sea Eagle 3-year warranty or 4-month trial guarantee. All warranty work is handled directly by Torqeedo®. These cannot be shipped by air.*

## ePropulsion® Electric Motors

### ePropulsion® eLite 500W Ultra Portable (Long Shaft) Electric Motor **\$1325.**

The ePropulsion® eLite 500W Long Shaft (1.5 hp equivalent) fits all our transom or motormount Sea Eagle boats. This is an all-inclusive electric outboard that allows you to enjoy totally reliable starting and the silent propulsion of a brushless electric motor. Designed to be the most compact and lightweight electric outboard in its class, it is an easy-to-use alternative to small internal combustion engines for enthusiasts worldwide. Perfectly blending efficiency and mobility, it represents a new era in clean, quiet, and eco-friendly marine propulsion. No need for heavy external batteries, messy electrical wires, and cords, or unnecessary clumsy additional attachments and accessories. The ePropulsion® eLite electric outboard motor is all you need. Simply grab it and go!

- Compatible with **FastCat™ 12, 437ps, FishSUP™ 1210, 285fpb, STS10, 375fc & SE9**
- Runs for approximately 90 minutes at half power (2-4 mph) and up to 45 minutes at full power (approx. 5-7 mph)
- Integrated smart battery management system
- Ultralight setup — weighs 16.1 lbs including integrated internal battery excluding bracket, 18.7 lbs. including bracket)
- Waterproof and dirt-proof with corrosion-resistant components
- Digital display with single-button control
- USB-C output to charge small electronic devices
- Magnetic kill switch
- Adjustable height and length tiller
- Forward and reverse throttle handle control
- 60 second 750W sport mode
- One-click installation connection
- Aerospace aluminum casing
- High-efficiency, nearly silent, direct-drive motor
- Advance propeller design
- Motor size (L x W x H): 297 x 75 x 1040 mm (11.7 x 3 x 41")
- Motor output: up to 750 watts - 1.5 hp equivalent
- Adjustable Shaft Length: 551 / 512.5 / 472 / 432.5 mm (21.7 / 20.2 / 18.6 / 17")
- Integrated Internal Rechargeable Battery: 378 Wh 25.2V Lithium-ion
- Charger: 100 to 240V AC charger included

*Item Number: EPROLITELS*

# Sea Eagle® Genuine Accessories

## ePropulsion® Spirit 1.0 Plus

(Long Shaft) **\$3199.**

The Spirit 1.0 Plus - Long-shaft (29.5") is a portable 1kW (3hp equivalent) brushless electric outboard that is perfect for our **FishSkiff16, FastCat12, FastCat14, 437 PaddleSki, 285fpb, STS10, 375fc, 10.6sr, 12.6sr, and 14sr** Sport Runabout. It weighs under 50 lbs. (43 lbs.) and features a high-efficiency 1276 Wh / 28 Ah large removable waterproof (IP67) positive buoyancy rechargeable integrated lithium battery for long range. With one charge, you can go approximately 22 miles at 4.5 mph or cruise all day long at lower trolling speeds. It's nimble, lightweight, and clean power.

- Spirit 1.0 Plus 1kW (3hp equivalent) brushless electric outboard
- High-efficiency 1276 Wh / 28 Ah large removable waterproof (IP67) positive buoyancy rechargeable integrated lithium battery for long range
- Battery charger
- Adjustable folding tiller handle
- Infinitely variable forward and reverse speeds
- Digital display computer
- (2) Kill switch lanyards
- 29.5" long-shaft
- Adjustable tilt & trim
- Silent direct-drive
- Instantaneous throttle response
- High efficiency propeller
- Total weight with battery under 50 lbs. (43 lbs.)

*Item Number: ESPRIT1*

## ePropulsion® Spirit 2

(Long Shaft) **\$4299.**

**Coming End of May 2026**

Introducing the New ePropulsion Spirit 2 — a powerful battery-integrated 2 kW electric outboard. This model delivers enhanced power while maintaining a similar compact size. Featuring a 1.5kWh battery, it revolutionizes the experience for dinghies and day cruisers, providing silent, eco-friendly power at just 20.6 kg. Its hydrogenation function allows the battery to recharge while under sail, maximizing battery value and optimizing space for effortless adventures.

- Nominal power: 2 kW
- Maximum power (Sport Mode): 3 kW
- Battery capacity: 1539 Wh
- Motor weight\* (excluding bracket): 10.7 kg
- Motor weight (including bracket): Long: 13.1 kg
- Battery weight: 10.4 kg
- Battery life: 1000 cycles at 80% SoH
- Charging time: Standard - 8 hours, Fast charger - 2 hours
- External battery compatibility: ePropulsion E Series Battery
- Charging temperature: -15°C to 60°C; charging below 0°C requires fast charger with battery communication function
- Operating temperature: -10°C to 65°C
- Storage temperature: 5°C to 40°C
- Rated RPM: 1700 to 2100
- Trim angle adjustment: 0°, 7°, 14°, 21°
- Tilt angle: 70°, 90°
- Shallow water mode tilt angle: 35°
- Steering range: ±90°
- Dimensions (L x W x H): Long: 410 x 190 x 1140 mm
- Propeller: 2-blade composite propeller, diameter 240 mm, pitch 167 mm

*Item Number: ESPRIT2*

*All ePropulsion® products are covered by the ePropulsion® 2-year Warranty. The Sea Eagle 2-part guarantee does not apply to ePropulsion® products. All warranty work is handled directly by ePropulsion®. They are not returnable.*

*All Watersnake® products come with a 1-year manufacturer warranty against manufacturing defects. The Sea Eagle 2-part guarantee does not apply to Watersnake® products. They are not returnable.*

## WaterSnake® Electric Motors

Watersnake® motors are Australian designed electric trolling motors. Their light weight and relative small size makes them ideal for inflatable kayaks, the **FishSUP™** and other small Sea Eagle boats. Because they draw very little electricity, these motors can be powered by smaller and lighter weight deep cycle batteries. These motors can also be used with 12 volt lithium ion batteries which weigh far less than lead acid batteries and suffer almost no degradation even after hundreds of charges. Tough, easy to mount for **both** freshwater and saltwater. All motors feature stainless steel propeller shafts & weedless props.

### ASP T24 **\$179.**

This Ultralight, Go Anywhere Motor is the perfect companion for our **Explorers** and **FastTracks**. 24 lb. thrust; 12 volts; weighs 7 lbs.; 24" shaft. Recommended for **385ft, 385fta, 465ft, 350fx, 380x, and 420x.** *Item Number: WSASPT24*

### Venom SX 34 **\$299.**

The Venom SX 34 is still super light and super portable, but will still motor our largest inflatables. Features includes telescopic tiller and digital voltage meter. 34 lb. thrust; 12 volts; weighs 15 lbs.; 30" shaft. Recommended for **385ft, 385fta, 465ft, 380x, 420x, SE9, 285fpb, STS10, 375fc & FastCats** *Item Number: WSVENOM34*

## A More Powerful Watersnake®

### WS70 Advance **\$499.**

This is a larger, more powerful, more efficient, higher speed, brush-less electric motor that is 25% faster than the Venom SX 34. Specifically, 5 mph instead 4 mph. While that may not sound like a large improvement, it makes a big difference on larger boats especially in higher winds and stronger currents. It is perfect for any of our larger inflatable boats. The built-in digital voltage meter lets you know voltage in the battery. The WS70 also features a telescopic, ergonomic tiller handle and infinitely variable forward and reverse speeds. A unique feature of this motor is that it features a USB port that allows you to charge your cell phone or hook up lights. 70 lb. thrust; 12 volts; weighs 31 lbs.; 36" shaft. Recommended for **285FPB, SE9, STS10, 375fc, FastCats, 437ps & FSK16.** *Item Number: WSADVANC70*

An important feature of the Venom 34 & SWS 70 is the digital read-out which tells you how many volts are going into the motor from the battery and allows you to judge how much power you have left and how far you can go.

# Sea Eagle® Genuine Accessories

## Bixpy® Electric Motor

### Bixpy® K-1 Outboard Kit with Slide n Lock Skeg Adapter **\$1399.**

The K-1 Outboard Kit combines the awesome power of the Bixpy® K-1 Motor, with 33lb of thrust, and the finely tuned, waterproof, wireless PP-378 Outboard Battery (Version 4).

The K-1 Motor is roughly 20% shorter in length than its predecessor, the J-2 Motor, yet offers the same massive output the J-2 motors provided in a quieter, more sleek, and more rugged aluminum housing.

The Bixpy® Outboard Kit enables you to stay out longer, explore new waters, fish more, troll for hours, or just get home effortlessly at the end of a long tiring day on the water.

- Runs for approximately 80 minutes at top speed and up to 12 hours at slower speeds
- Ultralight setup (weighs just 10 lb including battery and motor)
- Quick release motor can be removed with just one bolt
- Warp speed feature allows you to reach max speed with a double click
- Operates via wireless blue-tooth remote control with 12 forward speeds and 3 reverse speeds
- Waterproof and dirt-proof with corrosion-resistant components and aluminum body
- Outboard Power Pack and remote control float in case of accidental slippage Kit includes motor, remote, kill switch, battery, and charger.
- Combined weight of motor and battery: < 10 lb
- Motor size: L 9.05" (230mm) x W 3.15" (80mm) x H 6.32" (160mm)
- Motor output: 450 watts - 33 lb of thrust
- Cable length: 60" (150cm)
- Depth rating: 100 ft (30 m)
- Battery output: 25.2 V - 378Wh
- Battery size: L 12" (304mm) x W 9" (228.6mm) x H 3.5" (88.9mm)

Item Number: **BXMOTORK1**

All Bixpy® products are covered by the Bixpy® 1-year Warranty. The Sea Eagle 2 part guarantee does not apply to Bixpy® products. They are not returnable. All warranty work is handled directly by Bixpy®.

### Bixpy® Angler Pro Outboard Motor Kit with Larger Lithium 768 Watt Battery, Transom Adapter and Telescopic Side Steering Pole with Side Arm **\$1899.**

Bixpy® is now offering additional accessories that make it possible to be used on our boats with transoms. In addition, they have just developed a new telescopic side steering pole with side arm that makes steering our **PaddleSki 437ps, FastCat 12, 285fpb Frameless Pontoon Boat, FoldCat 375fc, FishSkiff 16, STS10 StealthStalker, FishSUP™ 126 and our new FishSUP™ 1210** models a breeze. This kit allows you to control the speed of the motor with the Bixpy® remote and steer at the same time without having to turn around. That makes steering and motoring with our narrower boats and SUPs far more comfortable. We are now selling all these accessories together in a single kit package. Included in this new package are the K-1 motor, the magnetic kill switch, wrist band remote, side skeg adapter (in case you want to use it on one of our kayaks or SUPs with slide in skegs), the larger lithium 768 watt battery, the transom adapter and the telescopic side steering pole with the side arm. We also sell some of these accessories separately for those that might want to add them to their J-2 or K-1 Bixpy® motors. *Item Number: BXKIPROKIT*

### Bixpy® Transom Adapter **\$189.**

The Bixpy® Transom Adapter can be attached to any Bixpy® J-2 or K-1 electric motor and used it on any boat with a transom. The adapter bolts to any Bixpy® motor and fits most boat transoms. It includes a steering pole. *Weights 7 lbs. Item Number: BXTRANSMT*

### Bixpy® Telescopic Side Steering Pole with Side Arm **\$99.**

The Bixpy® Telescopic Side Steering Pole with Side Arm can be attached to the top of the Bixpy® Transom Adapter. The transom mount bolts to any Bixpy® motor and fits most boat transoms. The Telescopic Side Steering Arm makes steering a dream come true because you do not have to twist your head back behind you body to steer the motor. Adjusts from 26.25 inches to 79 inches. *Weights 2 lbs. Item Number: BXSTEERPOL*

## Trolling Motor Power Center

### MinnKota® Trolling Motor Power Center **\$119.**

Easy access external battery terminals allow trolling motor leads and charger leads to be connected without opening the box. Built-in battery meter includes two 12-volt accessory plugs and 3 manual reset circuit breakers (15 amp for accessory plugs and 60 amp for trolling motor). Fits group 24 and 27 size batteries. Battery not included. *Item Number: MKBATTCTR*

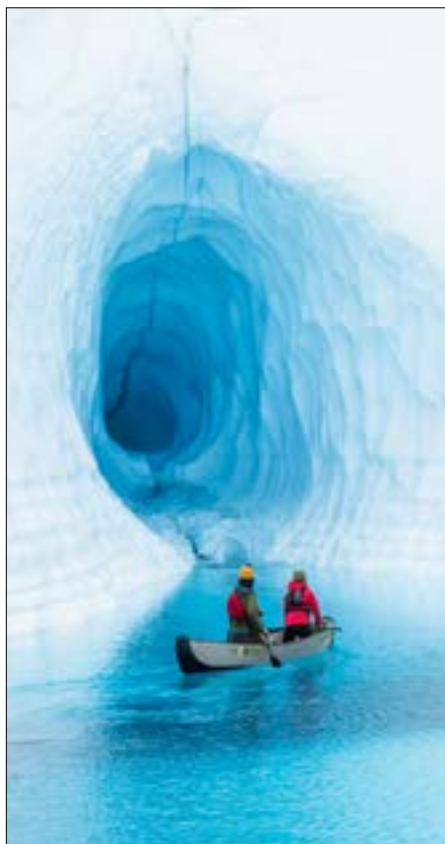

All MinnKota® products are covered by the MinnKota 2-year Factory Warranty. The Sea Eagle 2 part guarantee does not apply to MinnKota products. They are not returnable. All warranty work is handled directly by MinnKota®.

## Trolling Motor Side Steering Arm

### NEW Side Steering Arm for WaterSnake and other Electric Trolling Motors **\$89.**

We recently developed a great **NEW** accessory for our WaterSnake electric motors. This Side Steering Arm clamps down to the electric motor shaft with a U-bolt allowing you to steer the electric trolling motor comfortably facing forward and seeing everything in front of you. Eliminates aches and pains in your shoulder. Works well with all 3 WaterSnake motors and all other trolling motors. Works with trolling motors of up to 70 lb. thrust 1.2" diameter shaft. *Item Number: STEERINGKT*

# HONDA MARINE

# Help Me Honda

We are proud to announce that we now carry **2 Honda light-weight, portable motors to go with our great inflatable boats.**

### Small is Beautiful

#### Honda BF2.3 Long Shaft **\$599.**

Perfect for SE9, 285fpb, STS10 & 375fc

The Honda's BF2.3 long-shaft is one of the world's lightest four-stroke outboards. We have tested this model with our **SE9** Motormount Boat, our **StealthStalker STS10**, our **PaddleSki 437ps** and our **FoldCat 375fc**. It is so light, it rivals many two-stroke 2HP engines and electric motors, without the battery! But light weight does not mean less power. The BF2.3 features 15% more power over its predecessor. The large internal gas tank is a very convenient feature and provides about one hour of operation at wide open throttle. The technologically advanced design that gives you power and performance – without sacrificing portability. *Weights just 31 lbs. Item Number: HONDA23L*

#### Engine Specifications

- Type: 4-Stroke OHV, 1 Cylinder/2 Valves
- Displacement: 57.2 cc (3.49 cubic in)
- Bore & Stroke: 45 x 36 mm (1.8 x 1.4 inches)
- Full Throttle RPM Range: 5,000-6,000 RPM
- Rated Power: 2.3HP (1.7 kW)
- Cooling System: Forced Air
- Ignition System: Transistorized
- CARB Rating (California): 3-STAR, ultra low emission
- Fuel: Unleaded 86 octane
- Fuel Tank Capacity: .29 US gal (1.1L)
- Starting System: Manual
- Exhaust: Under Water, Above Propeller
- Lubrication: Oil Slinger System
- Trim Range: 4-Stage: 5°, 10°, 15°, 20°
- Tilt Range: 75°

#### Drive

- Gear Ratio: 2.42:1
- Steering Angle: 360° pivot
- Propeller: 3-Blade Plastic
- Diameter x Pitch: 7.25 x 4.75 inches

#### Dimensions

- Overall Width: 285 mm / 11.2 in
- Transom Height: L Type 571 mm / 22.5 in
- Dry Weight: L-Type 14 kg / 31 lbs
- Shaft Length: 20"
- Internal Gas Tank
- Tiller Steering

### Portable, Fuel Efficient, Powerful

#### Honda BF9.9 Short-Shaft **\$3279.**

Perfect for FastCat 14

For smaller 10' 6" to 16' boats, the BF9.9 short-shaft Honda motors are as convenient as they get. Just 92 pounds, they are among the lightest in their class. Yet they're all Honda DNA: quiet, reliable, fuel efficient, and loaded with features. These great motors feature easy one hand starting, shallow water drive, and much more. These motors are the ideal and unbeatable combination of light weight, power and portability. *Weights 92 lbs. Item Number: HONDA99S*

#### Engine Specifications

- Type: 4-Stroke SOHC 2 Cylinder/4 Valves
- Displacement: 222 cc (13.5 cubic inches)
- Bore & Stroke: 58 x 42 mm (2.3 x 1.7 inches)
- Full Throttle RPM Range: 5,000-6,500 RPM
- Rated Power: 9.9 HP @ 5,500 RPM
- Cooling System: Water Cooled
- Fuel Delivery: 1 Carburetor
- Ignition System: PGM-IG
- Starting System: Manual
- Exhaust: Through Hub
- Lubrication: Wet Sump
- Trim Range: 5 Stage 4°-8°-12°-16°-20°
- Tilt Range: 72°

#### Drive

- Gear Ratio: 2.33:1 , Gear Shift F-N-R

#### Equipment

- Alternator with voltage regulator
- (Manual Start): 6-Amp (76 watt)
- Propeller: 4-Blade Aluminum
- Diameter x Pitch, Standard: 9¼x8 inches
- Diameter x Pitch, Power Thrust: 10x6.5 inches
- Oil Pressure Alert: Standard
- Temperature Alert: Standard
- Rev-Limiter: Standard
- Fuel Tank Included

#### Dimensions

- Overall Width 345 mm/13.6 inches
- Transom Height: S Type 381 mm/15 inches
- Dry Weight: S-Type 42 kg/92 lbs.
- Shaft Length: 15"
- Tiller Steering

Honda® Motors come with a 5-year Honda warranty and are not covered under the Sea Eagle 3-year warranty or 6-month trial guarantee. All warranty work is handled directly by Honda® Marine.

#### 5 Year Honda Warranty

**With No Strings Attached**  
Yes, you read that right. All new Honda Marine outboard motors purchased for recreational use from an authorized Honda Marine dealer (Sea Eagle Boats in this case) will be warranted against defects in material or workmanship for five (5) years from date of purchase. No catches. No strings. It's that simple.

#### A Real, Factory Direct Warranty

The True 5 Year Warranty is offered and fully backed by Honda Marine for the life of the warranty. It's not a 3rd party "extended service" contract, like most of our competitors offer. There's a big difference: the third party warranty companies often are more concerned with limiting claim payouts than with satisfying your service needs.

#### Non-Declining

True 5 year coverage is the same on the last day of coverage as it is on the first. This is not like "pro-rated" warranties that offer decreasing coverage as the warranty approaches its end date. With Honda's True 5 Year Warranty, your motor is covered from top to bottom – from the first day to the last day of your warranty.

#### Fully Transferable

Selling your boat? No problem. The original engine warranty still applies, even if it changes owners.

#### Nationwide Service

Honda Marine has a network of over 1,000 dealers throughout the U.S. who are highly trained and equipped with the latest diagnostic equipment. It's all a part of Honda's commitment to keeping you on the water and out of the service shop. Isn't that what it's all about?
