Dear Sea Eagle® Inquirer or Customer,

This catalog features 12 of our newest models and our best-selling models. Because of limited space, we are showing only a few of the boat packages. **To see all Sea Eagle® models & boat packages, please visit: SeaEagle.com**

Our Incredibly Popular EZLite™ 10 Redesigned to be lighter & more spacious - See pages 4 & 5.

Since the introduction in May of 2024, the EZLite™ 10 has been an immediate success. Last year, it was our most popular kayak. During 2025, we reduced the weight to 24 lbs., added more inside space, daisy chain loop tie-downs, a third air compartment for added safety, a convenient center carry handle, and a rear drain to drain out rainwater. Simply put, the EZLite™ 10 is the lightest weight, most portable 10' kayak on the market.

NEW Redesigned FastTrack™ 385ft & 465ft With Woven Drop Stitch V-bottoms - See pages 6 & 7.

We also redesigned the FastTrack™ 385ft and 465ft, adding a unique V-bottom for better paddling performance, reducing the weight of these models by 4 lbs. & 5 lbs. In addition, we added center handles and daisy chain loop tie-downs. The Sea Eagle® FastTrack™ 385ft & the FastTrack™ 465ft tripled & doubled their sales. The reason why is simple: these new models are the best paddling, portable, most versatile inflatable kayaks you can buy.

Our 3 Great Explorer Kayaks - See pages 8 to 11.

Since the introduction of Sea Eagle® Explorer kayaks in 1974, we have made constant improvements...in the strength, durability & features of these great kayaks. Sea Eagle® Explorers have 16 floor drains that can be used fully shut or fully open. When open, Sea Eagle® Explorer can run up to class 4 whitewater rivers and self-bail water as fast as it comes in. On lakes, with the drains shut, they can be used to paddle high and dry on large lakes loaded with camping gear or food supplies, or they can be used to explore local lakes, bays and rivers. Explorers can do it all!

Our NEW, Improved Woven TravelCanoe™ - See pages 12 & 13.

Last year, we redesigned the TravelCanoe™ TC16, giving it new graphics and important new features... all woven drop-stitch construction that increases the strength of the hull while dropping weight by an amazing 10 lbs. The TC16 features new graphics, front and stern daisy chain loop tie-downs, convenient side stow bags for valuables, accessory mounts for Scotty® or Yak Attack® cup-holders, rod-holders, bait boards — the list of improvements is impressive!

New FishTuff™ 14 - The Toughest 1 or 2 Person Fishing Boat There Is- See pages 18 & 19

Introduced in July 2026, this is our newest Sea Eagle® model. Not only is it the toughest 1 or 2-person fishing boat, but it is also the most versatile fishing boat there is. Fast, rugged, with a slew of features no other fishing boat offers!

Hey, That's Not All in This Catalog

Explanation of some terms used in this catalog:

Knitted Drop-Stitch Material features 1000 or 500 denier "Knitted" fabric substrate in top & bottom Drop-Stitched layers.

Knitted Fusion Drop-Stitch Material features two layers of PVC laminated over Knitted Drop-Stitch Material core using thermal bonding for better rigidity.

Woven Drop-Stitch Material features 1000 or 500 denier "Woven" fabric substrate in top & bottom Drop-Stitched layers.

Woven Fusion Drop-Stitch Material features two layers of PVC laminated over Woven Drop-Stitch Material core using thermal bonding for better rigidity.

Most Important Point: Woven or Woven Fusion Drop-Stitch is stronger and lighter than Knitted Drop-Stitch or Knitted Fusion Drop-Stitch.

Sea Eagle® 4-Month Trial Guarantee:

Try for 120 days, if you are not completely satisfied, return for refund within 120 days of receipt.

Sea Eagle® 3-Year Limited Warranty:

3-Year Limited Warranty against any Manufacturing Defects. If any part becomes defective, return it for repair or replacement at no charge. Warranty period starts from the date of delivery. Visit: <http://sea.gl/W> for detailed information on warranty.

Sea Eagle® 3-Year Extended Hull Warranty:

In addition to our basic 3-Year Warranty Against Manufacturing Defects, we also offer a 3-Year Extended Hull Warranty. That gives you 6 years of total warranty protection against any manufacturing defects on any Inflatable hull. No other inflatable boat company offers this kind of total protection. We do it because we are convinced that we offer the best quality inflatable boats, kayaks, canoe and SUPs of their kind! Extended warranty applies to hulls only and is offered only at the time of purchase of the kayak, canoe, boat or SUP. For Inflatables under \$500, Extended Hull Warranty is **just \$49**. For Inflatables over \$500, Extended Hull Warranty is **just \$99**.

The Sea Eagle Guarantee/Warranty is not applicable to solar panels, electric/gas motors, batteries, battery chargers and power centers. They are covered under their own respective manufacturer warranties.

The secret of this new design is the V-bottom drop stitch floor and Woven drop stitch hull material. These 2 features combine to reduce weight, increase strength and improve paddling performance.

**The Lightest Weight,
Easiest to Paddle,
Easiest to Set Up,
Easiest to Carry,
10' Kayak There Is!**

The Sea Eagle EZLite™10 is all about EASY! Now only 24 lbs., this kayak can be handled easily by anyone from 8 to 80.

The all Woven Drop-Stitch construction allows us to create a high pressure **V-bottom floor** that paddles faster and easier than ever.

This solo kayak is the perfect travel kayak to any place there is water... wilderness lakes, far away or nearby bays or island hideaways. Light & easy to carry!

It fits easily in its own backpack carry bag along with the seat, the paddle and the pump. It can be checked in as luggage. With the piston pump this kayak can go from bag to a fully inflated kayak in less than 5 minutes.

Standard Features

- NMMA Certified
- All drop-stitch construction with rigid V-bottom drop stitch floor for greater stability and faster paddling
- 2 Adjustable Footrests for super easy adjustments and great foot support when paddling
- 2 Deluxe one way recessed air valves
- Large removable skeg at rear to control yaw and improve speed
- 4 D-Rings to secure seat
- Bow and stern grab handles
- 2 open and close drains
- Sun & saltwater resistant hull material
- Inflates up to 10 psi for hard hull paddling performance
- Nylon backpack, repair kit & printed instructions

**Add a QuickSail™ -

FastTrack™ 385ft & 465ft

Easy to carry

NEW Redesigned V-Bottom FastTracks! NOW Lighter, Stronger, Faster to Paddle & Even More Portable!

The V-Bottom FastTrack™ 385ft Kayaks are super stable, yet very fast and super light! The unique **New V-bottom woven drop-stitch floor** is directly attached to the side pontoons. This **new** construction provides faster speed, great stability, and lighter weight - the new V-bottom 385ft is now 4 lbs. lighter, and the 465ft is 5 lbs. lighter than their previous versions.

The V-bottom provides cleaner entry and exit through current, wind, waves, and water. It also allows greater paddling speed in a wide variety of open water & whitewater conditions.

The 385ft is comfortable for one paddler and a lot of gear or 2 paddlers with limited gear. The 465ft is ready for extended expeditions & family outings with more gear. The 385ft & 465ft are perfect for big lakes, open bays, long meandering rivers, and intimate salt marshes. The best new feature is the fact that this new model is now suitable for Class 1 or 2 whitewater.

Standard Features

- NMMA Certified
- Woven Drop Stitch V-bottom floor with 1000 denier fabric wrap
- 3 Deluxe one way recessed air valves
- 2 screw type floor drains that open and shut
- Bow & stern deck rigging
- Directly attached high pressure Woven drop-stitch floor for greater rigidity & structural strength

- Small removable skeg at rear to control yaw and improve speed and still navigate skinny waters
- 10 D-Rings on 385ft, 12 D-rings on the 465ft, and loop daisy chain tie-downs for seats & gear
- Bow and stern grab handles
- 2 side center handles
- New ¾ length EVA floor
- Sun & saltwater resistant hull material
- Nylon carry bag, repair kit & printed instructions
- Rated for up to Class II rapids.

The secret of this new design is the **V-bottom drop stitch floor and Woven drop stitch hull material. These 2 features combine to reduce weight, increase strength and improve paddling performance.**

- NEW IMPROVEMENTS**
- V-bottom Woven Drop-Stitch Floor reduces overall weight of the kayak and paddles easier and faster.
 - 2 Convenient Side Carry Handles.
 - Daisy Chain Loop Tie-downs for gear
 - Far More Space for Gear.
 - Convenient Stern Drain Valve.
 - The 385ft Hull is NOW just 31 lbs.
 - The 465ft Hull is NOW just 40 lbs.

**For The Solo Explorer -
Ocean, Bay, Lake Or
Whitewater Thrills**

Here's a model that is going to get your juices flowing. This is the ideal one man whitewater kayak. With its 16 floor drains this little kayak drains like a demon and handles steep drops, hydraulics, upstream eddies and even ocean waves as if it was born to the task.

At just 30 lbs., this kayak is lighter than any of our Explorer kayaks. As such, it is easier to transport, easier to stow and easier to carry.

Made of the same super strong 1000 denier reinforced material, this kayak is just as rugged as its larger sisters, the 380x and the 420x. Its smaller size also makes it more responsive and more maneuverable for one person in whitewater.

The Explorer™ 300x is ideal for one person and enough camping gear to stay out on a river for 2 or 3 days.

All Sea Eagle Explorers now come with 4" knitted drop stitch floors. They provide flotation to keep the paddler(s) above any water that might come in from ocean waves or when blasting through class 3 or 4 whitewater

**Don't forget to try it in the surf!
The water comes in, the water goes out!**

**Skeg for use on flat water.
Remove for use on whitewater rivers.**

Standard Features

- NMMA Certified
- 3 Deluxe one-way recessed air valves
- Front & stern carry handles
- 16 screw type self-bailing open/shut floor drains
- Large removable skeg for flat-water touring
- Bow and stern deck rigging
- Separate inner High Pressure Drop-stitch floor for greater rigidity & structural strength
- 18 stainless steel D-rings to secure seats, thigh straps and gear
- Rated for Class IV rapids
- Carry bag, repair kit & instructions

Explorer 300x

SEA EAGLE.com Explorer™ 380x & 420x

For Those Who Do It All - Solo Or Tandem, Wet Or Dry...Lakes, Bays, Rivers, Even Ocean Surf!

Introduced in 1978, the Sea Eagle® Explorer™ 380x & 420x are two of our oldest and most popular kayaks. Since 1978, we have continuously redesigned Sea Eagle® Explorers to improve their shape, bailing ability in whitewater, comfort and paddling speed on flat water.

Not only do these kayaks look better, they perform better on whitewater and on open water because of the rounded symmetrical shape and 16 self-bailing floor drains - that can be used open or shut.

The Explorer™ 380x is light enough and short enough for one person to handle in whitewater yet it can also comfortably hold 2 people and camping gear. If you plan on camping, overnight trips or just plain need the extra storage space, the 420x is the kayak for you! Best of all, because of the electronic horizontal seam system and computer controlled cutting, these Explorers are considerably lighter in weight without sacrificing either the strength or the durability.

Standard Features

- NMMA Certified
- 3 Deluxe one-way recessed air valves
- Front & stern carry handles
- 16 screw type self-bailing open/shut floor drains
- Large removable skeg for flat-water touring

- Bow and stern deck rigging
- Separate inner High Pressure Drop-stitch floor for greater rigidity & structural strength
- 24 and 26 stainless steel D-rings 380x and 420x respectively to secure seats, thigh straps and gear
- Rated for Class IV rapids
- Carry bag, repair kit & instructions

All Explorer Kayaks come with Slide In Skeg. Skeg needs to be removed for whitewater use.

NEW Redesigned TravelCanoe™ is Now 10 lbs. Lighter with New Added Features You'll Love!

We have been selling the Travel Canoe 16 for over 5 years now and our latest TC16s have been redesigned and upgraded.

- Hull now only weighs 55 lbs. versus 65 lbs. last year. With 2 seats total weight is only 60lbs.
- Now made with Woven Drop Stitch which is both lighter and stronger because it employs 1000 denier threads to connect top and bottom layers.
- Super tough because drop-stitch construction and extra fabric layers on the floor provide great strength and rigidity.
- Far safer - cannot capsize or sink because the 3 main air chambers provide inherent buoyancy.
- Fast to paddle - goes up to 5 mph with one or two paddlers - and light to carry - just 55 lbs.
- Far more stable than traditional canoes - can even be paddled standing up.
- With traditional wood/web seats for a more traditional canoe feeling.
- Anti-skid EVA foam diamond-deck pads on floor provide more secure footing for the canoers.
- Removable swept back skeg provides tracking on open water and can be removed for whitewater.
- Two floor drains open to drain out water when needed and close when paddling on open water.
- Can be paddled solo with one seat or tandem with 2 people & loads of gear or by 3 people.
- Packs down to a fraction of its inflated size.
- Stows in its carry bag in a car trunk or closet.

Drop Stitch Construction creates narrow inflatable sides and floor that can be inflated at high pressure to make a super rigid flat floor and narrow sides.

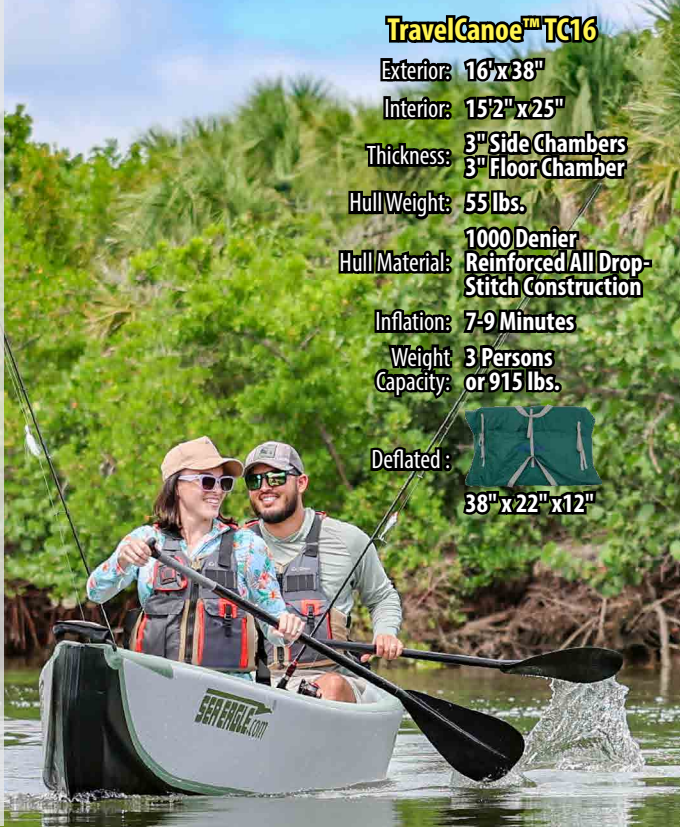

Standard Features

- NMMA Certified
- Double wall construction on floor to provide greatest possible strength, rigidity, maximum puncture & abrasion resistance
- Unique Patented (U.S. Patent #9,452,809) all Woven drop-stitch construction with rigid bow/stern molds to cut through wind and waves.
- 3 one way recessed Halkey Roberts style air valves
- Small removable skeg at rear to control yaw and improve speed - easy to remove for whitewater use
- 6 Grommet Tabs to hold up to 3 wooden canoe seats
- Front and stern daisy chain loop tie-downs for gear
- 2 Accessories mounts for Scotty® or Yak Attack® rod-holders, cup-holders or other accessories
- 2 Clip-on Side Stow Bags to hold phones, wallets, etc.
- 4 Open & close floor drains
- Bow and stern grab handles
- Sun & saltwater resistant hull material
- Rated for up to Class IV whitewater
- Inflates to 10 psi for hard hull paddling performance
- Nylon carry bag, repair kit & printed instructions

Our **NEW** Improved FastCat 14 for 4!

The Sea Eagle® FastCat™ 14 has several new improvements to make this new model even better.

- 4 separate seat frames allow flexible seating for 1, 2, 3 or 4
- Added D-rings & Grommets at bow to accept Casting Bar, Swim Ladder and/or front electric motor mount
- 4 Accessory Mounts hold cup-holders, rod-holders, Fish Finders, Bait Trays, Etc.
- 14' 4" by 6' 7" hull makes this a super stable and easy to motor family boat with exceptional open cockpit space for gear & people.
- Folds up and fits in a large SUV or flat bed truck.
- Made with ultra light, ultra strong double layer Woven Fusion Drop Stitch material that inflates to 15 psi that is stronger, lighter and more rigid.
- These boats can take an electric or gas motor so they can be used on inland lakes, wide open bays or seas & oceans.
- Draws only inches of water and can be fished shallow or deep
- With a 20 hp Honda® motor, the FastCat™ 14 goes 20 mph with 4 persons or 22 mph with 2 people.

NOW Woven Fusion Drop-Stitch Catamaran Boat for 4

Advantages of the Sea Eagle® FastCat™ 14

- Faster and More Efficient than other boats with gas motors - 4 people go 20 mph with a 20 hp motor and 15 mph with a 9.9 hp motor - wide beam and open cockpit provides a truly smooth and stable ride.
- Now using all Woven Fusion Drop Stitch catamaran hull design to make this boat lighter, stronger and more practical to transport. The FC14 goes over 70 miles on a single 6 gallon tank using a 20 hp motor.
- Hull with transom now weighs just 126 lbs. (previously, it was 139 lbs.) and is now more portable.
- 4 separate air compartments, with a smaller floor air chamber at bow, insures structural integrity of the boat and maximum safety and redundancy - self-bailing because of open transom - so no bailing!
- Takes our Wide Sun/Rain Canopy for cool and comfortable protection against UV rays and rain.
- Separate aluminum bench seat frames lash-down with double D-ring straps up 4 swivel seats for true motoring comfort.
- 4 built-in accessory mount pads so you can easily add a host of Scotty® or Yak Attack® accessories such as cup-holders, anchor locks, camera posts, bait trays or rod-holders.
- 60" wide floor deck provides a wide cockpit with lots of usable space for coolers, rods and other gear.
- Wide open bow makes a great swim platform to get into the water or back on to the boat - easy to walk off bow and step on a beach - also easy to slide into the water and get back in.
- Rubbing strake under Drop-Stitch side pontoons provides protection needed to run up on beaches
- Holds 4 adults - 2 in front, 2 in back - EVA foam covered floor provides safe & secure footing
- Side pontoons create water tunnel effect & double keel system for super precise turning.
- BEST USES: If you live on a bay or lake, this is the ideal pontoon runabout for up to 4 people, if you plan to take a one or two week vacation by a lake or bay, this is the ideal vacation boat, if you have a large motorhome, this boat can fit a large storage compartment for use whenever you are nearby water
- PLEASE NOTE: Because of its larger size and weight when outfitted with 4 swivel seats and a 9.9 or 20 hp motor, we recommend trailering this boat if you plan to use it on a daily basis.

Standard Features

- NMMA & CE Certified
- 4 separate air chambers with 4 flush mount one-way recessed air valves on hull for easy inflation and deflation.
- Double layer 1000 denier fabric top and bottom Woven Fusion Drop-Stitch construction on all air chambers for greatest puncture/abrasion resistance and rigidity.
- EVA foot pad on floor for standing stability and no slip grip.
- Rubbing strake under full length of the side pontoons for protection against nails, barnacles or other sharp objects.
- 4 Casting bar grommets at bow for casting bar.
- 2 canopy mount grommets for easy attachment and removal of our large Sun/Rain Canopy.
- 4 D-rings for attaching canopy straps or gear.
- 4 accessory mounts to hold Scotty® or Yak Attack® rod-holders, anchor system, GoPro, bait boards, cup-holders, etc.
- Stronger, lighter, removable transom holds up to 20 hp engine can be permanently attached on hull or removed for compact packing and/or storage.
- 10 carry handles - 2 in the bow, 4 on each side.
- Large D-ring just under the bow to attach anchor line or to tow behind a larger boat.
- Swivel Seats for 360° sitting position and all day fishing comfort.
- Fish Ruler at bow to measure fish
- Nylon carry bag, repair kit & instructions

NEW IMPROVEMENTS

- All Woven Fusion Drop Stitch and New Smaller, Stronger-Back-braced Transom with 2 side plastic panels to prevent losing gear while motoring at high speeds
- 4 separate seat positions for flexible seating for 1, 2, 3 or 4
- Up to 4 Separate adjustable lightweight aluminum seat frames
- Added D-rings & casting bar grommets at bow to accept bow mount for spot lock motors, swim ladder and/or casting bar
- Added Fish Ruler, D-rings & casting bars grommets to hold front motormount, swim ladder and casting bar at bow
- 4 Accessory Mounts to hold Scotty® or Yak Attack® drink-holders, fish finders, GoPro mounts, Rod-holders, GPS, bait boards, Etc.

Inflate easier and faster with an Optional Mega 4-Cylinder Electric Turbo Pump.

Plenty of Room for 1 or 2!

All New FishTuff™ 14

The New Sea Eagle® FishTuff™ 14 is overbuilt to withstand the toughest fishing conditions out there. Quite simply, it is the most rugged inflatable fishing boat ever engineered.

FishTuff™ 14 is reinforced with 2-layers of 1000 denier polyester fabric over the entire bottom and on the mid-section fishing area of the pontoon sides. Double layers fully protect the FishTuff 14 when it is exposed to abrasion and sharp objects in these critical areas.

The over-sized 16.5" side pontoons ensure a high and dry ride in rough or calm conditions on lakes, rivers, bays and open seas. The inner drop-stitch inflatable high pressure floor is covered with crocodile EVA for easy stable standing and stable casting. The boat hull has 6 accessory pads to accept a wide variety of Scotty® and Yak Attack® fishing accessories to satisfy the needs of the most demanding anglers.

The FishTuff™ 14 takes up to a 10 hp gas engine or the equivalent power electric motor. This new boat also has many unique optional features like a bow motor mount for a spotlock motor and a Drop-Stitch Sightdeck™ with Casting Bar, 2 D-rings and 2 Sea Eagle® Accessory Pads.

Standard Features

- NMMA & CE Certified
- Unique rugged design & construction
- 2 layers of 1000 denier Polyester fabric on bottom and middle 2/3 of the hull
- Wide 4" thick inner rigid high-pressure drop-stitch inflatable floor with crocodile style EVA for greatest standing stability and strength
- 33 D-Rings

- 2 sets of 6 Cargo Loops
- 8 Sea Eagle® Accessory Pads
- Bottom of pontoons and floor have 2 layers of 1000 denier polyester fabric to provide triple layer protection to the floors
- 4 separate independent air chambers
- Anti-splash rubbing strake going around the outside of the pontoons to protect against sharp objects when coming up to a dock

- Built-in transom for up to a 10 hp gas or equivalent electric power outboard
- 7 Carry/Grab handles
- Wide beam hull with pontoons on either side of paddler for tremendous stability on the water
- Non-slip EVA foam deck padding
- High-strength bow D-ring
- Sun and saltwater resistant hull material
- Nylon carry bag, repair kit & instructions

Deflated: 46" x 24" x 16"

Frameless Pontoon Boat 285fpb

For The Solo Angler Who Wants More

The Hunter Green 285fpb features genuine Scotty® mounts for rod holders and a quick release, pedestal swivel seat system for easy 360 degree fishing and full access to the cockpit. The convenient release-a-seat mount makes setup & take-down easy.

This ultra-portable 8' 6" boat weighs just 42 lbs. and packs in a small bag. It fits easily in a car trunk and sets up in just 5 minutes.

The optional motormount accepts an electric motor or up to 3 hp gas engine for easy motoring. The optional swivel seat allows the fisherman to sit even higher and turn 360°. And the wooden floorboard provides a stable platform to stand up and cast.

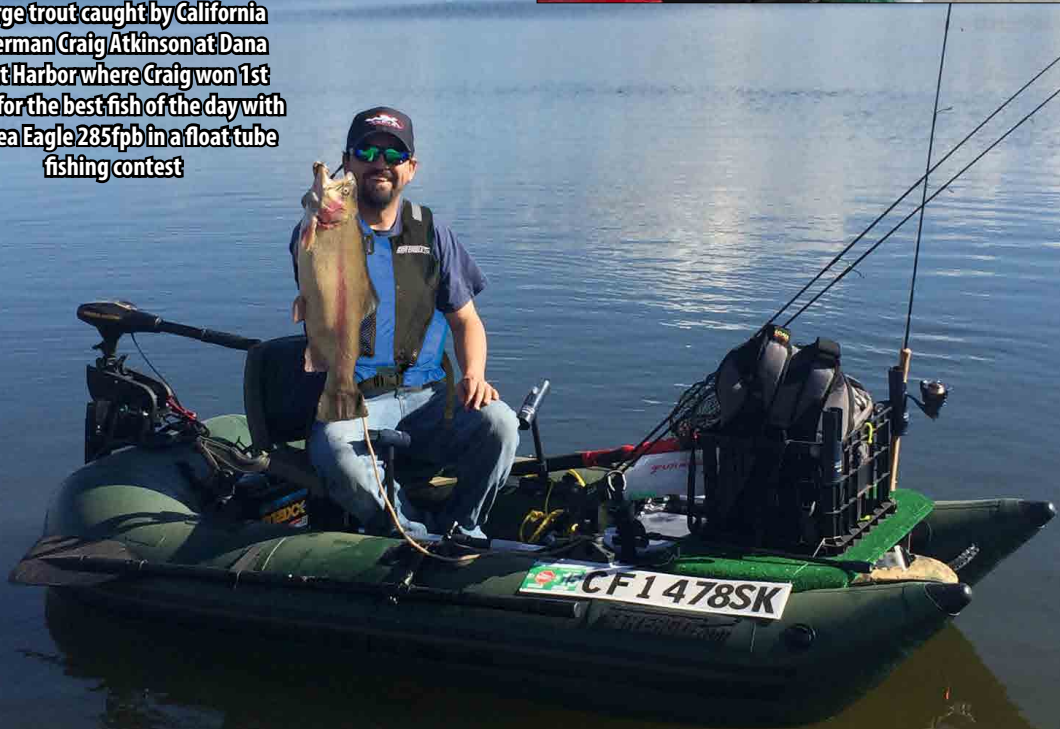

The 285fpb can be used on remote ponds, small or large lakes, wilderness rivers, inland bays or saltwater flats.

285fpb - Field Tested and approved by the North American Fishing Club.
Rated 9.6 out of 10.

Large trout caught by California fisherman Craig Atkinson at Dana Point Harbor where Craig won 1st prize for the best fish of the day with our Sea Eagle 285fpb in a float tube fishing contest

For Anglers Who Want A
High View Stable Fishing
Platform For 1 Or 2!

The Mean Green Sea Eagle StealthStalker™ 10 offers one or two anglers a stealth fishing boat with a full cockpit, 2 swivel seats for 360 degree sit-down fishing and sectional floorboards for stable, stand-up fishing in both calm & rough waters. This great fishing boat is still small and compact enough to fit in a car trunk. Weighing only 78 lbs. with floorboards and motormount, this boat is light enough to be carried easily by 2 anglers from car to water.

Featuring Scotty™ rod-holders that can accommodate many other Scotty™ accessories, raised oarlocks and oars that really propel the craft, a motormount that takes an electric or gas motor up to 4 hp, pedestal swivel seats that sit you higher and a full deck that doesn't lose gear or fish when you drop something.

Standard Features

- NMMA & CE Certified
- 2 super strong oars & oarlocks
- 1-2 swivel seats with pedestals
- Rigid sectional platform floor
- 4 rod holders
- 2 universal Scotty® mount pads
- Canopy receiving brackets
- 3 carry handles
- Built-in motormount receiving brackets for gas & electric motors
- Nylon carry bag, repair kit & instructions
- Sun and saltwater resistant hull material

Sea Eagle® FishSkiff™ 16 The World's Only Rollup 16' Fishing Skiff!

The Sea Eagle FishSkiff™ 16 is unique in so many ways with almost unlimited advantages:

1. It is the lightest 16' fishing boat.
2. It rolls up and fits easily in any car trunk, SUV or flat bed truck.
3. Now using double layer Woven Fusion Drop-Stitch that inflates to 15 psi and provides tremendous toughness and rock solid rigidity.
4. It takes an electric or gas motor up to 10 hp so it can be used on large ponds, inland lakes, wide open bays or seas & oceans...this is a boat that can be motored long distances anywhere.
5. It draws only inches of water and can fish deep or shallow waters.
6. With a 9.9 hp Honda® motor, this boat goes 21 mph with 1 person or 18 mph with 2 people, 15 mph with 3 people.
7. It is the most portable, most practical, most economical fishing boat ever designed.

Sea Eagle® Genuine Accessories

Sailing

Sea Eagle® QuikSail™ - The Universal Kayak or SUP Sail To Go! \$189.

Easy to deploy, easy to stow, this "down wind" sail can move a kayak or SUP up to 7 knots and can be steered 30 degrees to the left or right using your paddle as a rudder or by adjusting the angle of the sail. The Sea Eagle QuikSail™ works well with all Sea Eagle Kayaks, SUPs, Travel Canoe and most other inflatable and rigid kayaks. The QuikSail™ enhances and broadens the experience of kayaking and paddle boarding. You can use this sail in many ways...Kayakers can go really long distances and carry heavy loads with no effort. Exercise enthusiasts can paddle against the wind for exercise, take a break and sail back. Bird lovers will discover that they can sneak up on birds and silently get closer so you can take great photographs. Fishermen will find that you can use this sail to silently troll for unsuspecting fish who would otherwise be scared away by the sound of paddling. And for those who want to mix sailing and paddling, you will find you can sail and paddle at the same time.

- 14 Sq ft Neil Pryde Sail
- Strong aluminum frame
- Nylon carry bag
- Hands-Free
- Self-Standing
- Measures 43"x3"
- Extends to 81"
- Weights 2 lbs.
- Sails up to 7 knots

Pumps

MEGA 4-cylinder Electric Turbo Pump \$299.

INFLATES UP TO 15PSI WITH AUTOMATIC STOP FEATURE- Electric pump features 0-15 psi digital air-pressure settings so you can preset your desired psi and the pump will auto stop when the target pressure is reached. Adjusts in .5 psi increments. The battery

powered pump has an Integrated 10000 mAh Battery (charger & cord included). LCD DIGITAL DISPLAYS WITH REAL-TIME MONITORING: The pump is equipped with a digital LCD screen and touch button control panel, and the target pressure function ensures the pressure stays within the recommended PSI range to prevent over-inflation. Dual USB 5V/2A Ports for charging your cell phone and other small rechargeable battery-powered devices. This is the fastest electric pump on the market. It inflates Sea Eagle boats approximately 50% faster! Features integrated 10000 mAh lithium-ion battery, digital LCD screen with real-time monitoring, and a three LED flashlight.

****CAUTION: SE9 Motormount Boat use in tandem with Inflation Gauge**

- Weight: 5.75 lbs. with bag and hose
- Dimensions: 13" x 11" x 6"
- Maximum Run Time: 15 Minutes
- Minimum Off Time: 15 Minutes
- Flow Rate: 200L/min
- Includes: 60" (5') cable 19V DC wall charger, 43" (3'6") inflation hose w/ Recessed Valve Adapter, 6-piece inflation adapter set, 4 rubber gaskets.

Item Number: PUMPMEGA

Two-Stage Elec. Pump w/Accessory Plug \$149.

Designed for SUPs, small boats, & kayaks. Built for convenience & reliability. Featuring digital display, automatic shut-off, & dual-stage inflation.

With flexible power options, it's ready to use anywhere. Choose your power source — 12V car adapter, 110V wall adapter, or optional 12V battery pack. Connect the hose & correct nozzle, set the pressure on the digital screen, & press the start button. The pump inflates quickly at stage 1, then switches to stage 2 to reach the desired pressure. It stops automatically when the desired pressure is attained. *Optional battery w/ chargers not included. ****CAUTION: With Sport Kayaks & SE9 Motormount Boat use in tandem with Inflation Gauge**

- Pump Weight: 3.5 lbs. (with accessories 5 lbs.)
- Dimensions: 11.5"L x 3.5"H x 6.5"W
- Maximum Run Time: 40 Minutes
- Minimum Off Time: 20 Minutes
- Flow Rate: 550L/min (1st stage/low pressure fan) & 50L/min (2nd stage/high pressure piston)
- Includes: 90" (7.5') cable with accessory plug, 41" (3'6") inflation hose w/ Recessed Valve Adapter, 6-piece inflation adapter set, 4 rubber gaskets. Item Number: PUMPADA

Two-Stage Electric Pump with Accessory Plug Kit w/ Battery \$189.

Inflate your Sea Eagle anywhere with the Two State Electric Pump Kit that includes a rechargeable battery. Perfect for SUPs, Kayaks, and Boats.

****CAUTION: With Sport Kayaks & Motormount Boat use in**

tandem with Inflation Gauge

- Pump Weight: 3.5 lbs. (with battery 4.5 lbs., with accessories 6 lbs.)
- Dimensions: 11.5"L x 3.5"H x 6.5"W
- Maximum Run Time: 40 Minutes
- Minimum Off Time: 20 Minutes
- Flow Rate: 550L/min (1st stage/low pressure fan) & 50L/min (2nd stage/high pressure piston)
- 12V accessory plug (car) adapter, 12V wall adapter, & 12V removable battery pack w/ 2 chargers (accessory plug and wall)
- Includes: 90" (7.5') cable with accessory plug, 41" (3'6") inflation hose w/ Recessed Valve Adapter, 6-piece inflation adapter set, 4 rubber gaskets. Item Number: PUMPADAKIT

Dual Action Auto Two Stage Pump w/ Pressure Gauge \$49.

This pump's special design allows for low effort and quick inflation. Made with a reliable and strong aluminum shaft. It comes equipped with 2 hoses - one with recessed one-way valve adapter, one with deluxe

one way valve adapter - and an easy to read in-line pressure gauge. This pump capable of inflating to 11.6 PSI. Not for SE9, PF7 & SE370.

- In-line, easy visible, pressure gauge
- Dual Action (inflates on both up and down strokes)
- Stage I inflates up to 5.8 psi
- Stage II automatically kicks in above 5.8 psi and is capable of 11.6 psi
- Item Number: PUMPBRAVO4

SUP Pump w/ Pressure Gauge \$49.

In-line, easy visible, pressure gauge. Manual select between single and double action. 29 psi max inflation pressure. This SUP(Stand Up Paddle) Pump's special design allows for low effort and quick inflation.

Made with a reliable and strong aluminum shaft. The SUP Pump comes equipped with hose, recessed one-way valve adapter and a conveniently located, easy visible, in-line pressure gauge and the option of selecting between single action (down stroke only) and double action (both up and down strokes) inflation. SUP Pump capable of inflating to 29 PSI. Use double action for high volume and lower pressures and single action during increasing resistance cause by higher pressures. Includes 2nd hose with Boston Valve and Pipe Valve attachments. Not for SE9, PF7 & SE370. Item Number: PUMPSUP

Motormounts

Motormount for FastTracks™ & Explorers \$119.

Motormount kit for **FastTracks™** and **Explorers**. Holds up to a 34 lb thrust electric motor with a max motor weight of 15 lbs. *Not compatible with **Explorer 300x**.

- Electric motor 34 lbs. thrust max
- 15 lbs. max motor weight
- 24" shaft minimum
- Easy installation
- Corrosion resistant aluminum and stainless steel components
- Lightweight
- Comes with two 4' Straps
- Compatible with **FastTrack™** and **Explorer Series**
- **FastTracks™** and **Explorers** older than 2013 will need to purchase two sets of D-Rings
- Recommended for: **Explorers, FastTracks™, 385fta.** Item Number: MMKAYAK

WARNING: Required California Proposition 65 Warning: Cancer and Reproductive Harm - www.P65Warnings.ca.gov

Blanket

Sea Eagle® Waterproof Kayak Blanket™ **\$119.**

Perfect for Fall, Winter & Spring Paddling.

53" long x 20" wide at front / 40" wide at rear. Attached strap with clip allows blanket to be rolled up and pack to just 18"x6"x3". Weighs only 18 oz.

This waterproof kayak blanket is a warm and wonderful way to extend your paddling season on those chilly, windy or rainy days. It warms, insulates and protects against all of nature's harsh elements. Attached strap with clip and grab handle allows blanket to be folded and rolled up to a fraction of its size (18" x 6" x 3"). Your feet fit into a front pouch that keeps the blanket in place and does not allow wind to blow it away. This waterproof blanket covers the full length of your legs and neatly tucks in at the sides. Ideal for paddlers, campers, anglers and anyone wanting to protect themselves against wind, rain, sun, cold and paddle drip. Also ideal for bringing anytime to beach parties, outdoor sporting events and barbecues. The Sea Eagle® Waterproof Blanket™ is made in the USA by the nice folks at the Mambe® Waterproof Blanket Company. It is so comfortable, warm and dry, you will think this is your very first blanket!

- Completely waterproof nylon shell protects against wind, paddle drip and rain
- Super plush Polartec® Classic 200 fleece
- 8" Pocket at front to comfortably fit feet
- Specially shaped to fit neatly around paddler and inside the kayak cockpit
- 53" long x 20" at front x 40" at rear
- Weighs 18 oz. Packs down to 18"x6"x3" and fits neatly in stow pocket
- Perfect for Fall, Winter & Spring Paddling.

Please note: we recommend wearing a wet suit, a dry-suit or special cold weather, cold water paddling gear whenever water temperatures are below 50 degrees Fahrenheit
Item Number: BLANKETSE

Other Accessories

NEW Universal Casting Bar **\$199.**

This year, we are introduced a **NEW** Universal Casting Bar. It now works on the **PaddleSki 437ps**, the **FishSUP 1210**, the **FastCat 14** and the **FishSkiff 16**. This great **NEW** accessory provides a safe and stable standing area to cast from and haul fish

in. It is a must have for all serious anglers. In the future, casting bar attachment grommets will be added to many other Sea Eagle boats. Item Number: CASTINGBAR

Trolling Motor Side Steering Arm **\$89.**

This Side Steering Arm clamps on the electric motor shaft with a U-bolt. Allowing you to side steer (versus inline steer) the electric trolling motor while comfortably facing forward without having to stretch your arm back behind you. This eliminates aches and pains in your shoulder while allowing you to see everything in front of you. This accessory works well with all 3 WaterSnake motors and all other trolling motors. This Side Steering Arm works with tiller-steered trolling motors with up to 70 lb. of thrust and 1.2" diameter shaft. Measures 30 inches long. (Trolling motor not included). Item Number: STEERINGKT

WaterSnake® Electric Trolling Motors

WATERSNAKE®
ELECTRIC MOTORS

WaterSnake®

ASP T24 Kayak Motor **\$179.**

A lightweight, inexpensive, electric, saltwater motor that's built to last. Anti-corrosive paint and stainless steel external & internal parts allow you to take this motor into fresh, brackish, and salt water without worry. The adjustable transom mount makes it easy to use this motor with our **380x** and **420x** Explorer Series Kayaks and **FastTrack Kayaks**. Two-blade, weedless design propeller. **For use with kayaks only. (Cannot be used on Explorer 300x or PaddleSki 437ps.)**

- Only 6.7 pounds
- 24 pounds of thrust
- 12V
- 24" shaft
- Draws 9 - 20 Amps
- High and low speed
- Forward and reverse switch
- Fixed Tiller

Item Number: WSASPT24

See Our Complete Range of Sea Eagle® Boat Packages & Accessories on SeaEagle.com

Watersnake®

Venom SX 34 **\$299.**

The Venom SX 34 is still super light and super portable, but will still motor our largest inflatables. Features includes telescopic tiller and digital voltage meter. 34 lb. thrust; 12 volts; weighs 15 lbs.; 30" shaft. Recommended for **385ft, 465ft, 380x, 420x, SE9, 285fpb, STS10, 375fc, FastCat 12 & 14, FS126 & 10.6SR**. Item Number: WSVENOM34

Tough, easy to mount, super light weight electric trolling motors for **both** freshwater and saltwater. All parts are impervious to freshwater and saltwater. All motors are fitted with stainless steel propeller shafts and a weedless propeller.

A More Powerful Watersnake®

With important features not available on the two great smaller Watersnake® models, the WS70 is a larger, more powerful brushless electric motor that will push our boats approximately 25% faster than our Venom 34. Specifically, 5 mph instead 4 mph. While that may not sound like a large improvement, it makes a big difference on larger boats especially in higher winds and stronger currents.

Watersnake®

WS70 Advance **\$499.**

This is a more efficient, higher speed, brush-less electric motor that is 25% faster than the Venom 34, yet runs on any 12 volt marine battery. It is perfect for any of our larger inflatable boats. The built-in digital voltage meter lets you know voltage in the battery. The SWS70 also features a telescopic, ergonomic tiller handle and infinitely variable forward and reverse speeds. A unique feature of this motor is that it features a USB port that allows you to charge your cell phone or hook up lights. 70 lb. thrust; 12 volts; weighs 31 lbs.; 36" shaft. Recommended for **285FPB, SE9, STS10, 375fc, FastCats, 10.6SR, PaddleSki & FSK16**. Item Number: WSADVANC70

An important feature of the Venom 34 & SWS 70 is the digital read-out which tells you how many volts are going into the motor from the battery and allows you to judge how much power you have left and how far you can go.

Watersnake motors are Australian designed electric trolling motors. Their light weight and relative small size makes them ideal for inflatable kayaks, the **FishSUP™** and other small Sea Eagle boats. Because they draw very little electricity, these motors can be powered by smaller and lighter weight deep cycle batteries. These motors can also be used with 12 volt lithium ion batteries which weigh far less than lead acid batteries and suffer almost no degradation even after hundreds of charges.

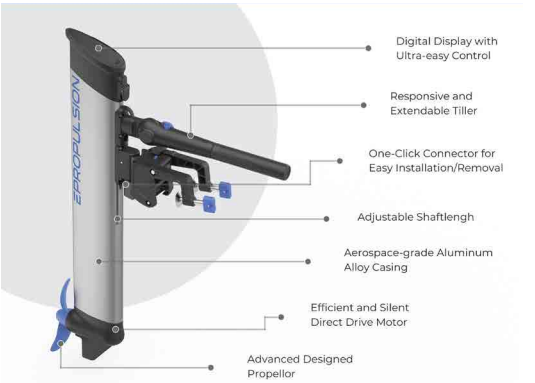

Watersnake® products come with a 1-year manufacturer warranty against manufacturing defects. The Sea Eagle 2 part guarantee does not apply to WaterSnake® products. They are not returnable.

ePropulsion® Electric Motor

eLite ELECTRIC OUTBOARD MOTOR

ePropulsion® eLite 500W Ultra Portable Electric Outboard Motor Long Shaft \$1325.

The ePropulsion® eLite 500W (1.5 hp equivalent) motors redefine your on-water experience with innovative features and a commitment to sustainability. Designed to be the most compact and lightweight electric outboard in its class, it is an easy-to-use alternative to small internal combustion engines for enthusiasts worldwide. Perfectly blending efficiency and mobility, it represents a new era in clean, quiet, and eco-friendly marine propulsion. No need for heavy external batteries, messy electrical wires, and cords, or unnecessary clumsy additional attachments and accessories. The ePropulsion® eLite electric outboard motor is all you need. Simply grab it and go!

- **Long Shaft** eLite is compatible with **PaddleSki, FastCat 12, 285fpb, STS10, SE9** & all our Side Motormount Sea Eagle Kayaks
- Runs for approximately 90 minutes at half power (2-4 mph) and up to 45 minutes at full power (approx. 5-7 mph)
- Integrated smart battery management system
- Ultralight setup (short shaft motor weighs just 14.7 lbs and long shaft weighs 16.1 lbs. including integrated internal battery)
- Waterproof and dirt-proof with corrosion-resistant components
- Digital display with single-button control
- USB-C output to charge small electronic devices
- Magnetic kill switch
- Adjustable height and length tiller
- Forward and reverse throttle handle control
- 60 second 750W sport mode
- One-click installation connection
- Aerospace aluminum casing
- High-efficiency, nearly silent, direct-drive motor
- Advance propeller design
- Motor size (L x W x H): Long Shaft 297 x 75 x 1040 mm (11.7 x 3 x 41")
- Motor output: up to 750 watts - 1.5 hp equivalent
- Adjustable Shaft Length: Long Shaft - 551 / 512.5 / 472 / 432.5 mm (21.7 / 20.2 / 18.6 / 17")
- Integrated Internal Rechargeable Battery: 378 Wh 25.2V Lithium-ion
- Charger: 100 to 240V AC charger included

Item Number: EPROLITELS (for Long Shaft)

All ePropulsion® products are covered by the ePropulsion® 2-year Warranty. The Sea Eagle 2 part guarantee does not apply to ePropulsion® products. They are not returnable. All warranty work is handled directly by ePropulsion®.

Bixpy® Electric Motor

LIFE BOOSTED

Bixpy® K-1 Outboard Kit with Slide n Lock Skeg Adapter \$1399.

The K-1 Outboard Kit combines the awesome power of the Bixpy® K-1 Motor, with 33lb of thrust, and the finely tuned, waterproof, wireless PP-378 Outboard Battery (Version 4).

The K-1 Motor is roughly 20% shorter in length than its predecessor, the J-2 Motor, yet offers the same massive output the J-2 motors provided in a quieter, more sleek, and more rugged aluminum housing.

The Bixpy® Outboard Kit enables you to stay out longer, explore new waters, fish more, troll for hours, or just get home effortlessly at the end of a long tiring day on the water.

- Runs for approximately 80 minutes at top speed and up to 12 hours at slower speeds
- Ultralight setup (weighs just 10 lb including battery and motor)
- Quick release motor can be removed with just one bolt
- Warp speed feature allows you to reach max speed with a double click
- Operates via wireless blue-tooth remote control with 12 forward speeds and 3 reverse speeds
- Waterproof and dirt-proof with corrosion-resistant components and aluminum body
- Outboard Power Pack and remote control float in case of accidental slippage Kit includes motor, remote, kill switch, battery, and charger.
- Combined weight of motor and battery: < 10 lb
- Motor size: L 9.05" (230mm) x W 3.15" (80mm) x H 6.32" (160mm)
- Motor output: 450 watts - 33 lb of thrust
- Cable length: 60" (150cm)
- Depth rating: 100 ft (30 m)
- Battery output: 25.2 V - 378Wh
- Battery size: L 12" (304mm) x W 9" (228.6mm) x H 3.5" (88.9mm)

Item Number: BXMOTORK1

All Bixpy® products are covered by the Bixpy® 1-year Warranty. The Sea Eagle 2 part guarantee does not apply to Bixpy® products. They are not returnable. All warranty work is handled directly by Bixpy®.

Bixpy® Angler Pro Outboard Motor Kit with Larger Lithium 768 Watt Battery, Transom Adapter and Telescopic Side Steering Pole with Side Arm \$1899.

Bixpy® is now offering additional accessories that make it possible to be used on our boats with transoms. In addition, they have just developed a new telescopic side steering pole with side arm that makes steering our **PaddleSki 437ps, FastCat 12, 285fpb Frameless Pontoon Boat, FoldCat 375fc, FishSkiff 16, STS10 StealthStalker, FishSUP™ 126 and our new FishSUP™ 1210** models a breeze. This kit allows you to control the speed of the motor with the Bixpy® remote and steer at the same time without having to turn around. That makes steering and motoring with our narrower boats and SUPs far more comfortable. We are now selling all these accessories together in a single kit package. Included in this new package are the K-1 motor, the magnetic kill switch, wrist band remote, side skeg adapter (in case you want to use it on one our kayaks or SUPs with slide in skegs), the larger lithium 768 watt battery, the transom adapter and the telescopic side steering pole with the side arm. We also sell some of these accessories separately for those that might want to add them to their J-2 or K-1 Bixpy® motors. Item Number: BXP1PROKIT

Bixpy® Transom Adapter \$199.

The Bixpy® Transom Adapter can be attached to any Bixpy® J-2 or K-1 electric motor and used it on any boat with a transom. The adapter bolts to any Bixpy® motor and fits most boat transoms. It includes a steering pole. Weighs 7 lbs. Item Number: BXTRANSMT

Bixpy® Telescopic Side Steering Pole with Side Arm \$129.

The Bixpy® Telescopic Side Steering Pole with Side Arm can be attached to the top of the Bixpy® Transom Adapter. The transom mount bolts to any Bixpy® motor and fits most boat transoms. The Telescopic Side Steering Arm makes steering a dream come true because you do not have to twist your head back behind you body to steer the motor. Adjusts from 26.25 inches to 79 inches. Weighs 2 lbs. Item Number: BXSTEERPOL

NEW Larger Bixpy® 768 Watt Battery \$1699.

The New Larger Bixpy® 768 Watt Battery has been designed specifically for those that want more time out on the water. As such, it is a perfect match for anglers who want to go far and long or for campers or boaters who want to have a dependable battery that can take them all over for many hours. But that is not the only benefit of this new larger battery when used with the K-1, it actually has a 13th speed that pushes your boat a little faster. So you get both a longer run time and a faster overall speed. Weighs 21 lbs. Item Number: BXBATTERYP
